Did you know....

- In 1923 Stephen F. Austin originally opened as Stephen F. Austin Teachers College.
- The library used to be located on the top floor of the Rusk Building with its entire collection consisting of 7,077 books.
- Any person 16 years of age on or before January 1 could enter college in that fall term.
- There was no tuition, instead the college collected a matriculation fee of \$12 per 12-week term, paying for entertainment, athletics and student publications.
- Graduation ceremonies used to be held outside on the "Vista."
- During Stephen F. Austin's first semester, 420 students were enrolled.
- Stephen F. Austin's Observatory opened in the spring of 1974.
- There used to be a dress code—men wore black slacks, shirt and tie, and women wore skirts, blouses and oxfords.
- In 1923 there were no campus buildings

Back in the Day

An SFA student leader

A professional, inviting, passionate and determined woman! These are all words to describe Student Regent Lacey Claver. With four years of leadership behind her, Claver looks to lead with more force than ever while serving as the second SFA student regent. The position was designed to facilitate communication between the student body and the Board of Regents. Student Regents are non-voting members of the board who attend meetings and help raise awareness about campus events and issues that Regents may not be aware of such as Student Government issues, academic affairs, student life involvement and various other items that will help build retention.

After four years with the Student Activities Association, Claver spent her final year serving as president of the organization. In Student Government, she was the Chief Justice and battled various student complaints. She was also involved in the SGA group that helped bring more lights and emergency spots to campus. As the first Jack Camp student director, she extended student leadership

growth at SFA. Claver currently serves as the newly revamped Traditions Council president.

"When I came to SFA I wanted to be a political analyst," said Claver. "But, as I've grown I've found what I'm really good at—training student leaders to find their passion." She's found her home here at SFA.

"It's so exciting to watch students come to this school and find their place," Claver explains. "They come to Showcase Saturday, Orientation and once I've got them at Jack Camp, it's invigorating."

Over the past four years, Claver feels honored that she's seen numerous changes at SFA. The new Student and Recreation centers have helped develop a special pride for SFA students. "It's amazing to see how willing students are to make SFA a better place," she said. "It's improved the quality of students. Now SFA is their first choice for college."

SFA's size helps students engage and become a part of leadership. As the Student Regent, Claver believes that a lot of SFA's success is because of local support from the Nacogdoches community. "Nacogdoches is a neat place because it is an amazing portal of education," said Lacey. "The community welcomes college students because they understand, approve and support the risk we take as young professionals."

Continuing her career at the higher education level, Claver hopes to help students see that Regents are a powerful resource. According to Claver, "The Regents have been placed in their positions for a reason, and they are passionate about helping SFA students."

Claver is bound to do great things as she leads SFA students, building a unique connection between the student body and the Board of Regents.

Above Students are not allowed to have food or drinks in the communication building to protect the new furnishings and carpet in Boynton Building classrooms.

Right Students in New Media enjoy the new state-of-the-art computer lab on the second floor of the Boynton Building.

A Media Makeover

Computer Lab for Communication Students

The Boynton Building has a new addition. After a summer of construction workers drilling and hammering, the faculty and students in the communication building are enjoying the long awaited media lab.

"The fun part was going from concept to real life," said Greg Patterson, new media and photography instructor, who planned the facility. The department of communication decided to equip another lab to help students keep up with the rapidly changing world of photography, new media and technology. Also more journalism classes were in need of labs.

"I am extremely excited about (the new lab)," Interim Chair of Communication Dr. Ray Darville said.

The new facility has 32 work stations to accommodate more students than the other lab, with new Apple computers and current software. Many journalism courses will be taught in the new room, including digital photography, news writing and new media.

Another change that will affect both faculty and students in the Boynton Building is the

proposed restructuring of the current department into the Division of Communication and Contemporary Culture. The proposal was approved by the Board of Regents at its October meeting, and took effect in the Fall Semester of 2009.

The new division was configured utilizing information from focus groups, alumni, faculty and two consultants.

Two different programs will comprise the division—Global Media and Contemporary Culture, and Communication Studies. These programs will function autonomously.

Darville said Global Media and Contemporary Culture will include the disciplines of journalism, radio and TV, photography, and philosophy. He said he realizes that technology is now required in this department to emphasize media and technology.

Philosophy faculty was moved to the Boynton Building and some communication faculty were moved to the 4th floor in the Liberal Arts North Building.

"We will see this as an opportunity to revise

(current) courses and bring (our curriculum) up-to-date," Darville said.

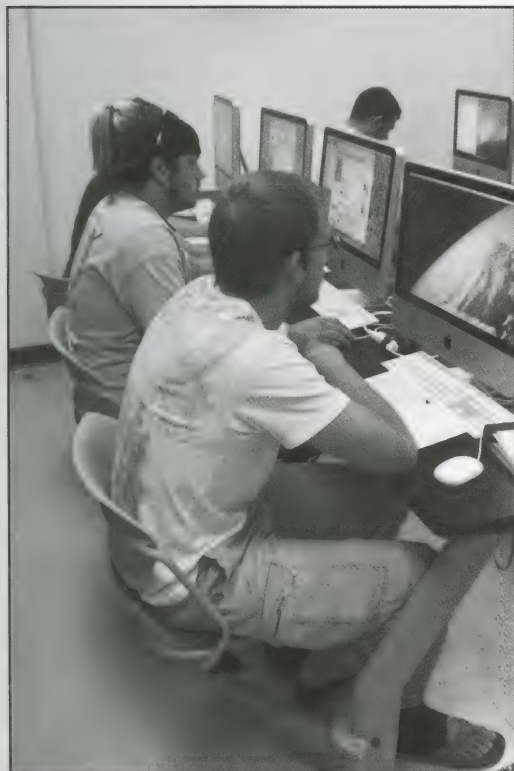

Both of these programs are undergoing curriculum reviews. The communication studies curriculum will most likely track media studies, he said.

The interim chair added that the proposed changes will not affect the degree plans of current students who are majoring or minoring in communication.

The new position of division director, which is open, will replace the communication department chair, a position from which Dr. Robert Ramsey retired last year. The new position will include duties as chair and as director of an interdisciplinary research unit entitled The Center for New Media and eCulture to be located in the Boynton Building.

Dr. Jim Towns inspires students through teaching

SFA professors all have the skill and desire to teach students every day of the week, hoping to pour knowledge into students' mind, but few have had the opportunity to pursue that goal as long as Dr. Jim Towns, who has been a faculty member for 40 years. He has lectured, taught and given students opportunities to learn for almost half of this university's 85 years.

"It has been my privilege to teach public speaking, interpersonal communication and crisis communication at SFA," Dr. Towns said. "When considering my most important teaching accomplishments, I proceed from my philosophy of teaching. A university is a marketplace of ideas. Education is the fusion of learning and living. Instruction enhances the ability to resolve life issues."

During Dr. Towns' public speaking class, he motivates his students to put into practice the "Jim Towns Theory of Speaking." According to Dr. Towns, this theory entails: 1) Do your homework; 2) be yourself, be a person of character who is accountable and celebrate your personal traits; 3) love the audience and be pure in motive and presentation of self; 4) tell the truth, and 5) through the speech, lead people to an intelligent decision after rational thinking. Anything other than this will not produce the lasting effects desired.

Dr. Towns' teaching methods also include

the "Jim Towns Life Quotients Formula" — $\text{LIFE} = \text{Body quotient} + \text{Intelligence quotient} + \text{Emotional quotient} + \text{Will Power quotient} + \text{Spirit quotient}$. The formula is used in his interpersonal communication class, and each of the quotients must have proper nutrition, exercise and rest.

The other method used by Dr. Towns in his classes is the "Jim Towns Model of Grief Recovery," which he uses in his crisis communication classes. The purpose of the model is to instruct students to treat their normal grief behavior in a normal way. The goal is to better equip students to process their crises as well as to help others through a difficult time.

When teaching his classes, Dr. Towns has a different view of teaching. "It's very actualizing to teach freshmen classes, because the way I look at it, I'm not teaching a certain class, I am teaching the people in that class. In each class it is the students' first times to take the class," he said.

Because of his unique ways of teaching, Dr. Towns has received the Distinguished Professor Award from the SFA Alumni Association and has been named a Regents' Professor. He claims when he sees students successfully applying skills and concepts that he has taught them in their personal and professional lives, it makes teaching worthwhile and actualizing.

"People are so much more important than the title of the course," Dr. Towns said. "Therefore it is my pleasure to go through the journey with them as they learn the context of the course."

Many students have credited Dr. Towns with being one of their favorite professors on campus. "I took Dr. Towns for crisis communication, and the way he approaches his students is amazing," Ashley Edwards, Stephenville senior, said. "I think that Dr. Towns is a jewel on SFA's campus. He sincerely cares not only about students' academics but about their all around well-being," she said. "I have taken many classes with Dr. Towns and have enjoyed them all."

Dr. Towns received his B.A. from Hardin Simmons University and his M.A. and Ph.D. from Southern Illinois University. He received many awards and honors throughout college and his career and has published numerous articles and books.

"I have a desire to instruct beyond a local level, and this has been fulfilled through publishing 10 books and numerous articles in journals," Dr. Towns said. "Teaching is my life goal."

SFA 101

SFA 101 helps build skills necessary for college success

“We learned everything from good study skills to how to change a flat tire. That actually really helped me, because I had my first flat tire that year.” SFA student Veronika Tanguma, mesquite senior, is talking about her experience with SFA 101.

The change from high school student to college freshman can be a difficult one. Gloria Montes, the administrative assistant for SFA 101, has a solution. “SFA 101 is a program that SFA started a few years back where we help students transition from high school to college,” she explained.

Tanguma said she was homesick, and her first semester of

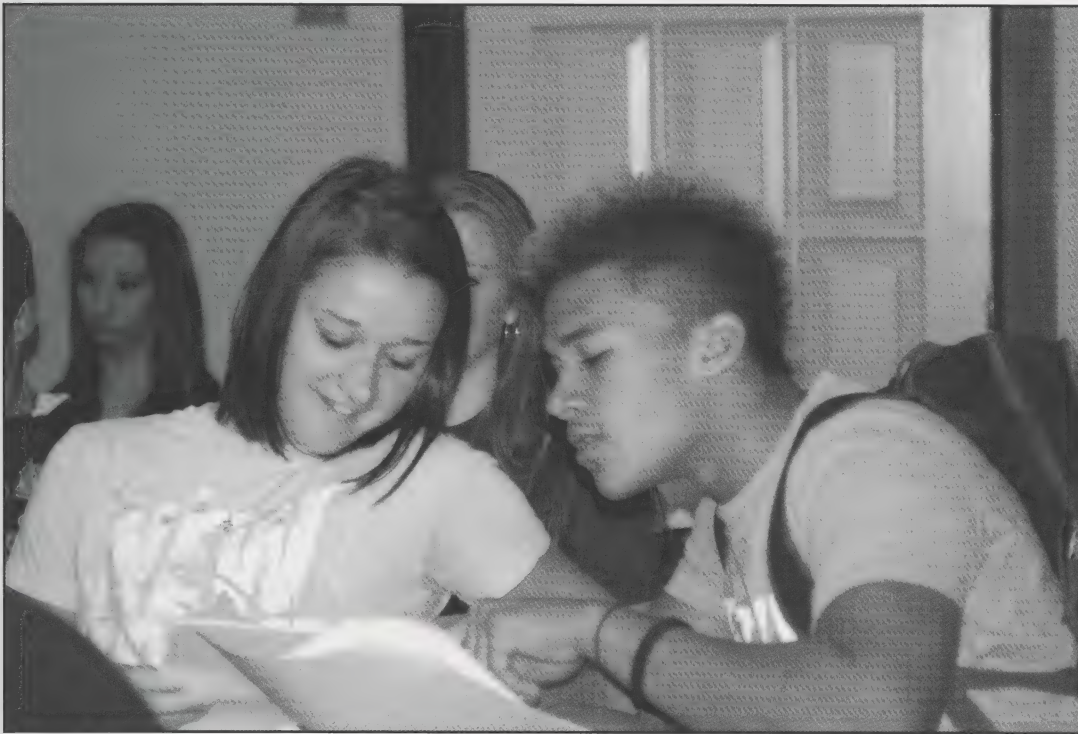

college was difficult. Looking back, she sees that the program “helped me get my things together, and I started to do well after that.”

Dedicating two hours per week to the elective class can pay high returns, Montes said. Studies have shown that students who take SFA 101 have a higher GPA than those who do not. They are also more likely to continue to graduation.

SFA 101 just helps you succeed in college, Tanguma said.

Jacks Challenge

Interior design students compete in challenge

Dr. Mitzi Perritt's graphics class in the interior design department was given the challenge of making over an office on campus.

With Michael Preston's, director of student life, help she emailed multiple staff and faculty members about the challenge. Those wanting to participate were asked to write a paragraph about why their office should be made over and to send pictures by e-mail.

"Applications came in on Wednesday, September 10, 2008 (and) 11th at 8 am (I) showed them the Power Point and we laid all the pictures out and voted," said Perritt.

Perritt's class of 16 was divided into 4 teams of 4 and from there they looked over the seven applicants for the challenge and decided that Room 139 in the field house was the one that needed help the most.

"When I first saw pictures of the office, I knew right away that they needed help badly and that this would be a great experience for our class," said Chris Barlett, Waskom junior and on the winning design team.

This 13" by 12" room was a shared office space

between Kelli Partridge, assistant soccer coach; Blaire Hewett, assistant softball coach; Trae Manny, assistant women's soccer coach; and Laura Cramer, head bowling coach.

On September 30, 2008, coach's chose the winning team and those students were able to work on the room all during October at the coach's convenience. Each team drew up a floor plan, a budget, and did an inventory of the furniture already in the room.

"Choosing from the four layouts presented was tough. The students did a great job visualizing ways to make the most out of our limited space. They made us think quite a bit about what we really needed and what would help to make our office a more effective workspace. The presentations were well crafted and helped me to imagine how each layout would work in the given space," said Manny.

"Two of the main things we wanted were more desk space and privacy, and the winning team gave us both of those things. They did a great job giving us what we wanted/needed," said Hewett.

Students finished installation on October 31,

2008. The installation consisted of taking out all the old furniture, painting the walls, cleaning ceiling tiles and putting in all the new furniture.

"My favorite part was the day the entire class helped assemble everything for installation," said Summer Ball, Sequin sophomore and on the winning design team.

During November, the coaches moved back into the office and began work as usually in their new environment.

"I like the added privacy of each workspace, provided by the partitions. Also, each of us has room to move backward and to spin our chair which was not always possible before. The accent painting and the shelves added a nice touch, and the potpourri makes the place smell better!" said Manny.

Hewett was very excited about the makeover. "We have much more open space, more desk space, more filing room, more privacy, and I have a trash can!"

Dr. Tkacik Named School of Honors Director

It's a brand new year with lots of changes, and one of them is the new director of the SFA Honors School, Dr. Michael Tkacik. He took over from Dr. Allen Richman, who was the previous director for 11 years and who also was also the featured speaker at the August commencement exercises. Throughout this transition process Richman gave Tkacik advice which ranged from practical to philosophical.

"Practically speaking, he stressed the need to stay on top of deadlines," Tkacik said. "Philosophically, Dr. Richman has always stressed that we in Honors are here to serve our best students as well as the University as a whole."

The first phase in taking over as the new Honors School director is learning the job. Tkacik said he is learning and making improvements where he sees the opportunity. He is working with certain departments such as music and nursing to bring more structure to their upper-level Honors offerings, thereby making it easier on their professors to offer these contracts. Some of the changes are things that Dr. Richman had planned but hadn't had time to accomplish.

The second phase will occur in year two and forward. Tkacik said he would like to see the Honors School compare more favorably with some of the top schools in the region and nation. He has a number of ideas about how to do this but said he will need to take these ideas through the proper channels.

The School of Honors tries to provide SFA's top students with an atmosphere where innovation, creativity and research are all stressed and rewarded in the learning process. It also provides students with the premier educational experience at SFA. Honor students have access to honors classes taught by some of the best professors on campus. These classes are smaller than normal, so there is much more individual interaction both with the professor and with classmates.

A student who earns 25 hours of honors credits will graduate with a second diploma—a special honors diploma. For first semester freshmen, entry to the Honors School requires a 27 or higher on the ACT or a 1220 or higher on the SAT. Once enrolled, a student can be offered admission to the Honors School by earning a 3.25 GPA. All honors students are expected to maintain a 3.25 GPA or higher throughout their time in the programs.

"I have multiple roles as the director (of the Honors School)," Tkacik said. "Of course I am responsible for the day-to-day operations of the office, such as developing a set of honors courses each semester."

Tkacik also remains an associate professor in the political science department, effectively juggling two jobs. "I am enjoying the challenge," he said. "I just hope to become more efficient as time wears on. I am also very lucky in that my administrative assistant, Ms. April Davis, deals with many of the problems before they can even reach me. Without her, I'd be helpless."

Also they administer various scholarships through their office. Tkacik reviews and approves all honors contracts on campus and provides more informal services such as advising students or consulting with the Honors Student Association.

Honors credit can be gained in two ways. First, a student can take a designated honors course such as SOC 137H. Second, a student can enter an honors contract with a professor. The professor and the student agree on certain requirements that will turn that class into an honors offering for that particular student.

Dr. Baker Pattillo

Getting to know the President

As a child, Baker Pattillo, Arp native, learned that hard work and a strong work ethic pays off. "Arp is a small community," said Dr. Pattillo. "Church and school work are your world." Pattillo was very active in high school. He was a member of the yearbook staff and one-act play team, and he played various sports. Arp is also where Dr. Pattillo learned to relate to people and cross lines to build real relationships.

40 years ago Dr. Pattillo would never imagined being the president of a university. He can still remember when he was a student at Stephen F. Austin where he received his Bachelor's and Master's degrees. After receiving his degrees, he recalls, "going straight to work for students."

Pattillo agrees that his involvement in various offices across campus contributed to a wide array of experiences that have made him the man he is today. "Working with students in the financial aid office was rewarding," he said. "We worked to make a difference in students' lives. Helping students that couldn't afford to go to college and then watching them walk across the stage was very powerful."

Dr. Pattillo is married to his childhood sweetheart, Dr. Janice Pattillo, who is the department chair in Elementary Education. "She is very dedicated to the University as she leads one of the premiere programs in the state," Pattillo said of his wife. Baker and Janice have one child, Paige, who was

born and raised in Nacogdoches. Paige went to the Early Childhood Lab growing up and later graduated with her Bachelor's degree from SFA. She went on to receive her law degree from The University of Texas. In high school, as well as in her undergraduate and graduate years, Paige was a feature twirler. She is now an attorney in Nacogdoches. Another important member of the Pattillo family is Susan Williams, Pattillo's assistant. "She is a part of our family," he said. Lastly, there is Dochies, a miniature dachshund who is 3 years old and means so much to the family.

One of Pattillo's favorite aspects of his job is living on campus. He currently lives off Starr Street in the historic SFA President's house. In the past, he has lived in other housing facilities on campus. "I've lived in the Units, Hall 16, Starr Apartments and the married students' apartments with my wife."

The President walks to his office every morning and takes a nightly stroll with Dochies. "We love everything about those walks. We get to meet students, see what is happening on campus and enjoy campus life."

One of the tougher aspects of being the president of a university is traveling to Austin. "The five-hour drive is hard because I feel like I miss out on campus life."

While in Austin, Dr. Pattillo represents our University and helps state officials understand the needs of SFA students. "Each session, we focus on one area of emphasis. We will focus on our science department this coming session."

The pre-professional program, chemistry building and a molecular science department are on the agenda for spring 2009. "We are currently looking into new ways to prepare public school teachers. We hope to successfully revamp and renovate that department."

Dr. Pattillo's fondest moments from college include meeting his roommate. "He is a lifetime friend. I didn't know him before I came to school but since living in Hall 16 together we've been in each other's weddings and at our parents' funerals. We are very good friends."

With 45 years in Nacogdoches and 43 years as an SFA staff member, the president believes he lives the most exhilarating life in this town. "It's so exciting to work with students and see them have success; that is what drives me."

*Story By Ashley Edwards

Moments in history

1974 Student Streakers

S F A
85
YEARS
1924-2009

Story from *The Pine Log* Volume 51, Number 17 Thursday March 7, 1974

Photos courtesy of the 1974 Stone Fort Yearbook

Streaking at colleges all across the nation reached new heights this week and hit the national television news.

SFA has been slow to respond to the craze but now that the students are responding to the "nude" challenge they have added a new vocabulary and twist to the event.

Dr. Ralph W. Steen, SFA president, described the streaking as 'absurd' and 'ridiculous'. "There has been no decision to expel these people as we believe they will get tired of it and stop it soon," said Dr. Steen. "If the streaking continues, then something must be done."

Tuesday night the Student Senate was interrupted by an unknown streaker who introduced himself as THE YELLOW STREAKER. The well-dressed streaker became the first Senate streaker in the nation. THE YELLOW STREAKER hid his identity behind a ski mask and his navel behind a yellow macrame belt. Part of the note that he left for the Senate read, "This was my debut as the Yellow Streaker, and you may be sure that SFA will see more of me in the future."

The Yellow Streaker kicked off the action for the night as the East College Cafeteria was the scene of uninhibited streaking by approximately 250-300 students. The action started at about 11 p.m. and ended at 3 a.m.

according to some 'streaker peekers.'

Some of the new twists to the sport were added by the SFA streakers. One student suspected of being a football player, came out 'dressed' in a football helmet and football shoes.

One of the most unique streaking incidents was two students climbing down a rope at Dorm 14 from the third floor to the second floor. A couple of students were seen on top of the East College Cafeteria running around the edge.

The official position of the UPD on the streaking question is crowd control, according to Sgt. Ben Wright, UPD employee. "No students who are streaking are being brought in," said Sgt. Wright.

As of Wednesday afternoon, two daytime streakers were active. One streaker ran through the UC and the other ran through the East College Cafeteria.

Streaking has not been limited to men although no pictures of women have been taken.

Plans for the rest of the week call for a Greek Streak.

2008 Undie Run

Letting it all hang out

Hundreds of students paid tribute to a historic moment in SFA history on May 1, 2008, when they stripped off their clothes to participate in the campus' first Undie Run.

Participants met at Surfin' Steve around 10 p.m. wearing clothes they wished to donate to charities. Before the run began, students stripped off the clothes and followed an Undie Run flag for a one-mile course around campus, wearing only underwear and running shoes.

Clothing items were donated to the Women's Shelter of East Texas and to Goodwill.

Brian Coburn, Traditions Council vice president, had heard of several California universities holding similar events as stress-relieving traditions during finals week. Coburn proposed the event, but said University administrators refused to offer funding, which led to him and a group of interested students to host the event independently.

Coburn said he believes the Undie Run is a fitting stress-reliever activity, given the fame SFA gained in the 1970s for on-campus streaking. In 1973, what Coburn called a "streaking epidemic" hit the University, with streakers being seen in residence halls, at football games and at various other on-campus locations and events. The trend continued until spring 1974, when Ralph W. Steen, University president, hoping to end the streaking fad, designated a day to streak the length of East College Street.

"This was a historic event for any campus at that time," Coburn said, calling the Undie Run an "ode to that day."

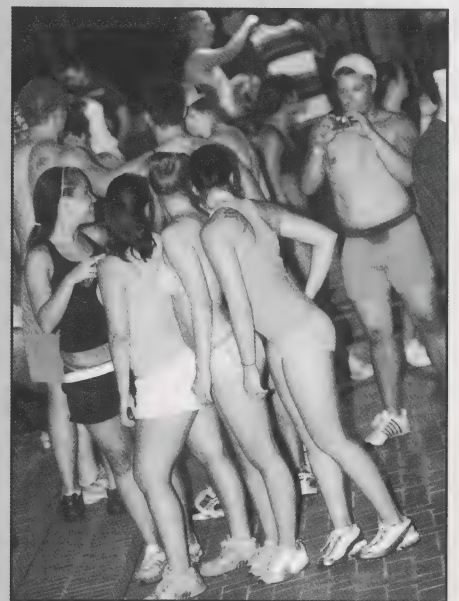

"We're trying to make history again," he said, "and while we're at it, we might as well do something to benefit the community by donating some clothes."

Freshman Orientation

Students get a dose of SFA during the summer

Every summer, incoming freshman have the opportunity to attend Freshman Orientation.

The program was divided into five three-day sessions throughout the summer of 2008. This marked the first summer students had the opportunity of residing in Lumberjack Village and enjoying entertainment in the new Student Recreation Center.

The three days seemed to be long and chaotic, but students and their parents enjoyed the time at SFA and took every exciting moment of the day back to their homes, thanks in part to the Orientation Leaders.

"All of the Orientation Leaders were very ecstatic from the day I arrived until the day I left," said Laura Aguilar, Houston freshman.

During their stay on campus, students and parents attended sessions based on overviews of their particular majors, Financial Aid, Jack Camp, Technical Support, elective sessions and The Real World, which is a session for students and parents to spend one-on-one time with an Orientation Leader, to learn about the University.

As an Orientation Leader, representing SFA in a positive way is a must. Most students made their final decision to attend SFA based on their experience at Orientation, and most parents become reassured that their student will be safe once they begin college.

"I have a lot of school, and to know that you made a student want to attend SFA even more after Orientation is a satisfaction," said Logan Ferguson, current Student Coordinator and Sulphur Springs senior.

The 2009 Orientation sessions will see change. The five sessions will be shortened to two days to make the experience even more memorable and exciting for students, parents and the Orientation Leaders.

Riding Solo

SFA 'perfect place' for unicyclist

Danny Williams is a man of many talents. The Dayton freshman is easy to spot on campus—he's the guy riding the unicycle.

Why a unicycle?

"I started off just jealous that my brother could ride a unicycle," he said. "We're real competitive, and I had to be better than him. And now I am."

Williams said when his brother stopped riding, he picked it up.

"It took me a year to learn, but I've been doing it for two years," he said. "I'm self-taught."

Thankfully Williams has not broken any bones or sustained any major injuries. He gestured to his calves. "Up and down my legs, they get real scratched up from the pedals. I get about as much as a BMX person," he said.

Since Williams is self-taught, he "doesn't try anything too crazy, unless I want to learn the hard way."

Among his favorite unicycle stunts are "riding with one foot or the tight wire trick, which is basically balancing on the edges of the sidewalks."

He recalled the day when "the Student Center wouldn't let me take my unicycle inside. I wasn't even riding it, and when I looked around on the inside, I got mad. I saw people with their skateboards."

But generally, the campus is "perfect for unicycling. I can pretty much do anything," he said.

Williams is 18, and his major is music education. "Being a music major is great for Williams because, he said. "We're a tight-knit group, like a family."

His sister, Holly Williams, went to school at SFA, as do some of his friends from back home. It also helped that SFA gave Williams an academic scholarship.

"I've played trombone since sixth grade, and as far as a career goes, I didn't want to do anything else," Williams said.

"Music is my life."

He is also a member of the Lumberjack Marching Band.

"Buy a unicycle and practice riding every day until you can't take it anymore."

Danny Williams

I heard you were a Lumberjack

Freshmen attend Jack Camp

Jack Camp has been a tradition at SFA for the past 10 years. Each summer hundreds of incoming freshmen participate in the four day event, which is held at Camp Olympia. This past summer approximately 350 incoming freshmen attended each session.

Part of the Jack Camp tradition are the two tribes, Austin and Rusk, named after two of SFA's most significant figures. Within each tribe are counselors and two tribal leaders, coming from multiple campus organizations. Tribal leaders are in charge of, "motivating their tribes to succeed in not only tribal games but to grow as lumberjacks and understand the spirit, tradition and loyalty to the purple and white," explained Lacey Claver, Jack Camp Student Director.

There were a few changes to the program this past year as well. Rather than having students drive to the camp location, everyone met at the commuter parking lot and traveled to Camp Olympia together. "The opportunity to leave and arrive together all at the same time makes for a great start to camp," said Claver about the new system of transportation.

While at Jack Camp, students undergo the necessary training to become a true Lumberjack. Session activities consisted of evening socials, cheer competitions and Tribal Ceremonies that divided students up into either Rusk or Austin tribe.

Taking part in Jack Camp gives incoming freshmen the opportunity to make lasting friendships with current students leaders and fellow incoming freshmen.

2008 Presidential Elections

Students take part in historical selection

As the Presidential elections loomed around the corner, both the Young Republicans and the Young Democrats were revving up to help students register to vote on campus.

"Since the registration deadline was October 6th, our biggest priority was getting students registered," said Arika Kulhavy, Nacogdoches graduate student and president of the Young Democrats.

Both organizations hosted voter registration booths in front of the Baker Pattillo Student Center to help inform students about where and how to get registered.

"We tried not to be an activist organization. We wanted to inform and educate the student body," said Luke Bullock, West sophomore and president of the Young Republicans.

The Young Democrats also worked to educate

voters and students about how to fill out the ballots. They sent members to a county commissioner's meeting to advocate for an early voting spot on campus.

The early voting location was in operation on the third floor of the Baker Pattillo Student on October 27th and 28th.

Throughout the Presidential race, other student organizations got involved to inform the student body about how important their opinion was. Debate watches were held by the Student Government Association and a open forum was put together by Kappa Alpha Psi Fraternity, Inc.

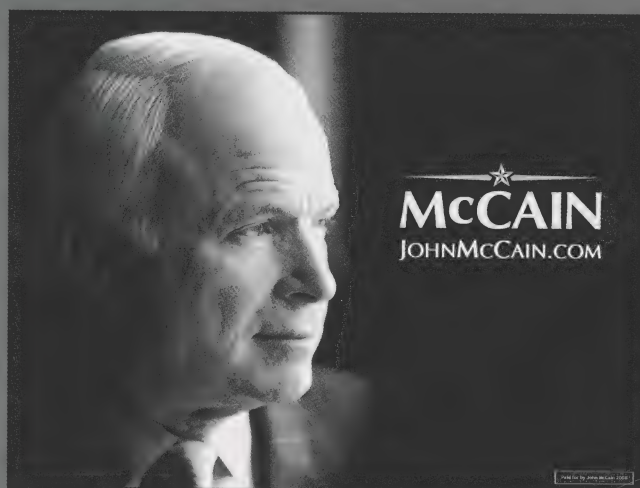

On the day of the elections, SAA hosted its first annual Election Watch Party for students interested in watching the presidential results flood in. The event took place in the movie theatre and CNN was shown on the movie screen.

Throughout the elections students were seen sporting stickers and buttons with their candidate of choice and T-shirts with slogans like "Vote Now Or Cry Later."

"This was a lot of fun and quite overwhelming," said Brandon Bell, Highland Village freshman. "I think young people were so excited because they were ready for change and weren't happy with the policies their parents were voting for so they decided to get involved."

"I was excited about this election because it was my first time to vote in a major election," said Jordan Smith, Van Vleck sophomore. "The Elections Party was one of the most thrilling things that I've even been through. Not only because my candidate won, but because I actually took part in the process."

Mugbugs & Mudballs

Springfest brings year to a close

SFA students enjoyed a beautiful spring day on April 19, 2008 as

Student Activities Association and Student Foundations Association hosted the annual Springfest. SAA provided students with music, food and games while the Student Foundation Association hosted Mudbugs & Mudballs, a mud volleyball tournament and crawfish boil.

The weather seemed to be on SFA's side as students roamed about exploring the many booths and many organizations that were there. Participants enjoyed eating cotton candy and listening to music.

Mudbugs & Mudballs, sponsored by Student Foundations Association and the Alumni Association, gave people more options and more entertainment

in one big package.

"I think it's great that Mudbugs was joined with Springfest. It was more fun this way," Erika Burnham, Houston junior, said.

It was also common to see muddy students sitting in groups in the commuter lot eating crawfish and enjoying Springfest as a stress reliever before the anxiety and grind of finals.

"It was a fun way to spend a Saturday and a good stress reliever before finals," Ashley Dietrich, Allen freshman, said.

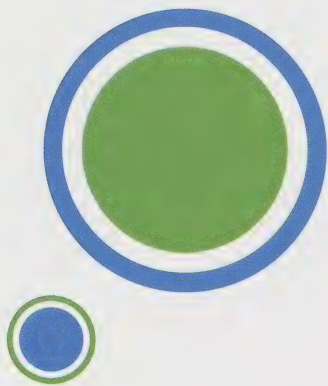

Most of the students there seemed to be enjoying themselves and said they have been making plans and arrangements to participate in the different events.

"We had been looking forward to the event for three weeks, and it turned out to be so much fun," Claire Fieldler, Pearland sophomore, said.

A good turnout of students showed up and they seemed to enjoy winding down with a concert. Students drank lemonade and watched The Drew Davis Band play music as the night chilled after the heat of the day.

"Springfest was a great way to enjoy the last bit of fun before school's over, and it's a great kick-off to the summer," Dietrich said.

New Traditions

Traditions Council innovates Homecoming

Although Homecoming 2008 saw traditional elements including purple and red axes, face paint, purple football jerseys and pom poms, there were also some new elements and ideas.

Charlie M. Hueber, assistant director of student life, and Samantha Simmons, Allen senior and Traditions Council Homecoming chair, had created some new ideas for this year's Homecoming, such as developing a point system to contribute to votes for members of the court.

The concept had been tossed around for some time before Hueber decided to give it a try as an attempt to get SFA students and organizations involved in Homecoming activities. They thought it would be a fun way to encourage action instead of candidates receiving points based on popularity.

Simmons believed that the point system would boost student involvement. "I think organizations will realize that they need those points," she said. "It will help big and small organizations.

In this system, organizations were rewarded points based on their participation in events throughout Homecoming week. Candidates received the points earned from their sponsored organization. The actual candidate didn't have to go to events as long as a representative went, but Simmons said that it would be beneficial for the candidates to show up in order for students to be familiar with them.

The points were calculated per event. Participants had to report to tables and identify themselves as a member or supporter of one group.

The events were scored as follows: College Bowl, up to 50 points; cheer competition, up to 50 points; canned food drive, up to 100 points (one point per can); carnival, up to 100 points; blood drive, up to 100 points (five points per attempt); display board, up to 50 points; campus clean-up, up to 100 points (10 points per person). The election was one point per vote with no limitations.

The display boards for the competition replaced sidewalk chalk from last year. The boards were located along North Street and around the field before the game at Homer Bryce Stadium.

Announcement of the court was also altered. It was announced during the bonfire on Friday before the game. This change was meant to increase the number of people at the bonfire.

"They will be more excited for whoever wins," Simmons said. Campaigning started Monday, October 13th at 8 a.m. Online elections were held from 4 to 10 p.m. Thursday, Oct. 16, through any student's mySFA account. Ballot voting took place from 8 a.m. to 7 p.m. Monday and Tuesday, Oct. 20 and 21, in front of the student center.

The "I Love the 80s" theme was in conjunction with the 85th anniversary of SFA.

Homecoming 2008

The Bonfire, built by Alpha Phi Omega, burns throughout the night at the Intramural field Friday night of Homecoming. Photo by Cody Derouen

Homecoming was celebrated with a variety of events for students, alumni, faculty and staff.

On Friday, the Torchlight Parade Kick-Off party started the night off in front of the Baker Pattillo Student Center. The Torchlight Parade began at 9 p.m., and this year's winner of the Spirit Award, Student Activities Association, led the parade to the bonfire at the Intramural Field. Once the bonfire was lit, the Lumberjack Marching Band, Cheerleaders, Pom Squad and Twirl-O-Jacks performed during the spirit rally.

After the rally the Homecoming Court was announced after three days of anticipation. The members of the court represented Student Activities Association, Sigma Chi Fraternity and Panhellenic.

To go along with the 'I Love the 80s' theme, the cover band, Spazmatics, performed as the night's entertainment. Following the bonfire Mardi Gras Madness closed the night out in the William R. Johnson Coliseum.

"Mardi Gras Madness was a big party where the SFA basketball teams are introduced," Rhonda Minton, director of marketing and membership for the Alumni Association said.

Varsity Bookstore hosted a knockout competition for 20 student organizations with the winner getting \$600 for their organization.

Saturday brought more events such as the 80th Annual Downtown Homecoming Parade. The parade featured the Homecoming Court, President Pattillo, the Board of Regents, the Lumberjack Marching Band, the SFA spirit squads and floats that were put together by student organizations.

Following the parade, the Alumni Association hosted the Duck Dash competition at Lumberjack Alley. Lumberjack Alley also featured tents full of free food and prizes from student organizations and local businesses. After Lumberjack Alley the Lumberjack football team took on the Bobcats of Texas State University.

 Dakota Cowley & Savannah Detten

Homecoming Court

Homecoming 2008 was done a little differently due to the changes made by the Traditions Council.

One of the most significant changes was the selection of the 2008 Homecoming Court. In past years the court was chosen by a popular vote from the student body. This year, the court was still chosen by popular vote, but some of the votes for each candidate came from points earned throughout the two weeks of Homecoming activities.

Raking in a record setting number of votes were seniors Logan Ferguson and Chelsi Morrow for King and Queen. Ferguson, from Sulphur Springs, completed his last year at SFA with a four year reign on court. He is a kinesiology major and an Orientation Student Coordinator.

"This is my fourth year to be a part of Homecoming, and it's just been great," Ferguson said.

Morrow, from Houston, was also on court in 2007 as Junior Duchess.

"This was an amazing opportunity to run for Homecoming Queen. I'm glad I had the opportunity to show how much pride I had in SFA," Morrow said. A speech language pathology major, she plans to attend graduate school.

Both King and Queen were nominated by and represented SAA.

The King and Queen's court is made up of eight other candidates, two representatives from each classification.

The Senior Duke and Duchess were Rusty Briley and Tara Powdrill.

Briley is from Nacogdoches and represented his fraternity, Sigma Chi, during Homecoming. He is a communication major and is a DJ on SFA's KSAU radio station.

Powdrill is a Kilgore native. She represented Panhellenic and is a member of Chi Omega fraternity. Powdrill is a journalism major and served as editor-in-chief of The Pine Log newspaper.

The Junior Duke and Duchess, Saville Harris and Zebine Bojler, represented SAA. Harris, from Livingston, is a kinesiology major and a staff member at the Campus Recreation Center. Bojler, from Sweden, is a communication major and a building manager at the Recreation Center. Both are also involved in Jack Camp, Driving Jacks and Student Foundations Association.

Sophomore Duke and Duchess were Jamal Smith and Tonya Dagadu, also members of SAA. Smith is a marketing major from Mesquite and is a section editor on the Stone Fort yearbook staff. He is also involved in Driving Jacks, Orientation and Lumberjack Cultural Association. Dagadu, Flower Mound native, is a marketing major. She is involved in NAACP and Impact.

Freshman Duke and Duchess, SAA members, were Dakota Cowley and Savannah Detten. Cowley is from Sachse and is a journalism major. Detten is from Coppell and is an elementary Education major.

Hurricane Ike

Hurricane passes, brings evacuees along

Thousands of families evacuated, thousands of homes and businesses were destroyed, and millions more were left without power. These were only a few of the devastating effects that Hurricane Ike had on the Texas Gulf Coast the weekend of September 13, 2008.

And although the damages weren't nearly as severe as Ike made its way north, SFA and Nacogdoches area also felt the effect of the storm.

Ike went made landfall in Galveston Saturday as a strong category 2 storm, with winds reaching 110 mph. It was the third major hurricane in this year's Atlantic Hurricane season.

The damages were estimated at \$27 billion, more than doubling the damages that were caused when Hurricane Rita hit the Gulf Coast in 2005.

To assist students living near affected areas, SFA hosted more than 400 evacuees from Lamar University.

Lamar University sent several bus loads of

students and many drove from Beaumont to escape the storm. Some SFA students and staff also stayed in the HPE, due to loss of power throughout the city.

The Involvement Center enlisted the help of many student volunteers to assist staff during the storm.

SFA student Jeanne Lapotaire coordinated volunteers at the University Police Department. They were available throughout the weekend to answer phone calls from worried parents and anyone else wanting information about the storm.

Volunteers at the HPE prepared food for the visitors and checked people in and out of the building. They also had movies, games and recreational equipment available to "try to keep them as happy as we could," Dr. Adam Peck, Dean of Student Affairs stated.

Other areas on campus and around town also assisted students with the efforts. SFA's maintenance staff worked 24-hour shifts in the HPE facility, and both cafeterias on campus opened to feed the visiting

students. They even extended their hours so students could stay indoors and allow more time for the storm conditions to improve.

As of Saturday, after the height of the storm had passed, damage was already being reported to Lamar's campus.

According to a Lamar police officer, their football field has become a "lake," covered by several feet of water. Some of the university's buildings and nearby apartments' roofs had been completely blown off, the officer said.

SFA's campus and surrounding areas also sustained damages from the storm. Many trees were snapped in half, with some falling on homes and vehicles. Entire streets in Nacogdoches were left without power for the weekend.

Hurricane Ike has been considered the biggest storm to a U.S. city since Katrina hit in 2005.

Cleaning up Ike's Mess

Students unite to clean up campus after storm

According to Michael Preston, Director of Student Life, SFA students worked for five days and recorded approximately 3,200 hours of service during Hurricane Ike clean-up. The SFA volunteer program partnered with the physical plant, grounds and transportation departments to remove truckloads of debris. Clean-up crews, shelter for Lamar University students and the emergency call center were available for hurricane relief. Student crews cleared rubbish at the Early Childhood Lab, Math and Nursing Building, Art Building, the Fine Arts Buildings, the President's house, the Baker Pattillo Student Center, Pecan Park, Todd, Griffith and Kerr Halls. With the help of many student volunteers, the

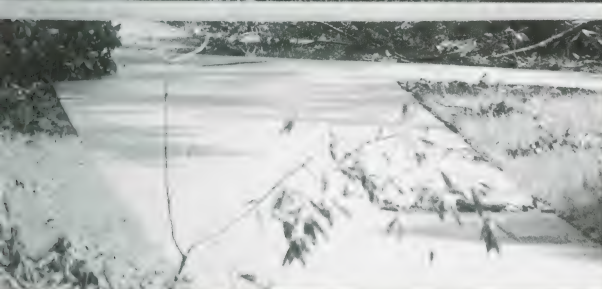

campus was clear of large debris in a matter of hours.

Due to power outages off campus, classes were cancelled the following Monday. Students from Lamar University were permitted to return to Beaumont but were not scheduled to resume classes until the end of September. Other schools in the Nacogdoches community also resumed with their normal schedules a few days after the hurricane.

Mr. & Miss SFA

Kevin Arnold, Lacey Claver

Kevin A. Arnold of Fresno and Lacey A. Claver of Joshua received this year's Mr. and Miss SFA Awards on Feb. 7 at Stephen F. Austin State University. The two students were honored at halftime of the 6 p.m. men's basketball game between SFA and Lamar University in William R. Johnson Coliseum.

The Mr. SFA Award was established in honor of the late Stan McKewen, a 1934 SFA graduate. The Miss SFA Award was established in honor of Arnodean Covin, who was named Miss SFA in 1940, 1941, and 1942. Kilgore residents Larry, a former Mr. SFA and 1942 graduate, and Arnodean Covin, a 1943 and 1972 graduate, participated in the presentation ceremony.

Arnold, who received the Stan McKewen Mr. SFA Award, is a senior at the university and is majoring in political science and international studies. A 2005 graduate of Hightower High School, he is the son of Karen Arnold of Fresno.

Arnold serves as president of the Student Activities Association. He is past president of the Alpha Kappa Psi fraternity and is marshal of Theta Chi. He served as academic affairs chair for the Student Government Association, and orientation leader in 2008, and a tribal leader for the 2007 Jack Camp. Arnold is also a member of the 1923 Society. He has been honored for exemplary work in SAA and has received two Gold Presidential Service Awards for completing more than 250 service hours.

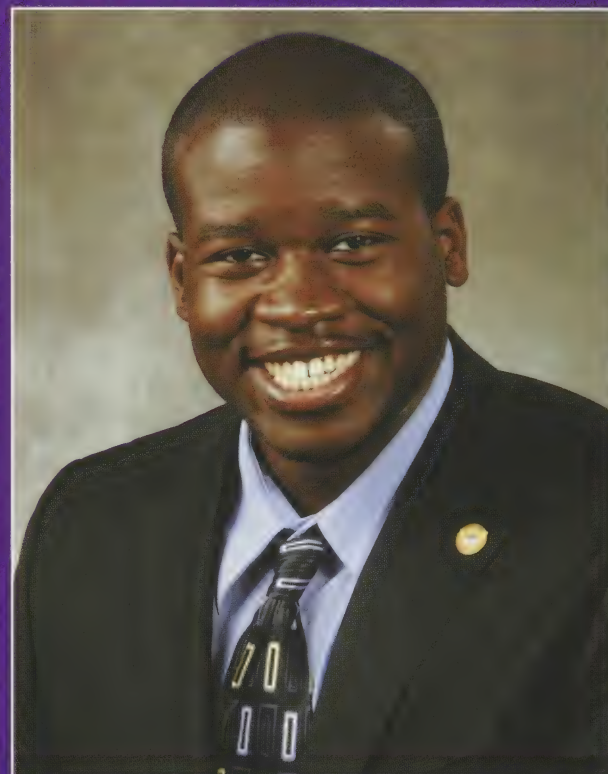

Claver, who received the Arnodean Covin Miss SFA Award, is a graduate student in the Department of Communication. She received a bachelor's degree in 2008 in hospitality administration. A 2004 graduate of Joshua High School, she is the daughter of Mark and Dena Claver of Joshua.

In June 2008, Claver was appointed by Texas Governor Rick Perry to serve as SFA's second Student Regent on the SFA Board of Regents. Claver is president of Traditions Council and student director of Jack Camp. She is past president of the Student Activities Association and chief justice of the Student Government Association. She served on the SFA hiring committee for the dean of student affairs and also taught SFA 101.

Her list of honors include the Steven Westbrook Award for excellence in student activities programming, the Leadership Service Award, and the President's Volunteer Service Award honoring community service.

The Mr. and Miss SFA title is an award presented each year by the SFA Alumni Association to exemplary students who well represent and promote SFA. Recipients are selected based on their scholarship, participation and leadership in academic and co-curricular activities, citizenship and service and loyalty to the university. Selections were made by a committee of faculty, staff, students and alumni.

Meet Spencer Streetman

Junior continues family tradition

She shows up to all the home football games and sometimes appears at the volleyball games and gets the crowd going. She is SEA's current Ladyjack mascot.

"I have been the mascot for a year and a half," said junior Spencer Streetman, from Victoria.

Streetman's parents met as students at SEA in 1970, so she was glad to enroll here. "It's a family school," she said. SEA spirit runs in her family, since not only her parents went here, but her sister and aunt did, too.

She had an opportunity to become a part of SEA spirit tradition. "I noticed they had a Lumberjack for all the guy sports and there was no representation for the girls," Streetman said.

Streetman was notified that a mascot was needed to be the Ladyjack. "My boyfriend, Ryan Johnson, the previous '06-'07 mascot, mentioned to me that the cheer program was looking for a girl to be the Ladyjack, and he asked me about it in August 2007," she said.

As a mascot she leads the football team onto the field with the cheerleaders along with Steven Staines, the Lumberjack mascot. She cheers for the team and puts her foot on the Lumberjack mascot's back as he does push-ups after touchdowns during the game.

"It's really flattering to walk on campus and have people approach me and ask me if I am the mascot," she said.

Other than Ladyjack activities, Streetman is in a variety of school activities, including

SAA, Driving Jacks, Hospitality Club and 1923 Society.

Even though she is involved in school she still finds time to have fun. "I am a Facebook-addict," Streetman said.

Her involvement in cheerleading began in junior high school. Streetman was a cheerleader from eighth grade to her senior year in high school. "I was in The Universal Cheerleading Association National High School Cheerleading Championship, and we won first place out of 65 schools in the nation. The competition was on ESPN," she said. What made that moment even more special was she was the team captain.

All Hail to SFA

Seniors finish with graduation

Graduation signifies a major achievement. It's the moment when students know all of their hard work from the past four to six years has paid off. After many finals, multiple organization meetings and memories that will remain via Facebook, it all comes down to this last event.

When graduates walk across the stage and shake Dr. Baker Patillo's hand, they have made a giant step from being SFA students to being SFA alumni.

SFA holds three graduation ceremonies each year—at the end of the spring, summer, and fall semesters.

On May 10, 2008, thousands of students filled the William R. Johnson Coliseum to participate in the spring semester graduation commencement ceremony. During the ceremony Gov. Rick Perry delivered the opening commencement address.

The commencement for fall graduation was held Dec. 13, 2008, and featured Dr. Jere Jackson, SFA Regents Professor of history, as the speaker. Jackson's address commemorated the University's 85th Birthday.

December graduation saw about 800 students walk the stage to receive bachelor's and master's degrees. The University conferred doctoral degrees on five students during the ceremony. Lacey Claver, student regent, was among those who graduated in December.

Office of Multicultural Affairs

Office is revamped for Spring Semester

Founded in 1991, the Stephen F. Austin State University Multicultural Center was developed to provide programming knowledge and practice of diversity in an attempt to transform the campus as well as the world in which we live. The Multicultural Center, now known as the Office of Multicultural Affairs (OMA), is dedicated to providing resources, educating the public and offering support to a diverse group of people. The office advocates freedom and individual rights for all.

"We broaden horizons by bringing diversity to the public's attention," said Urisonya Roberson, director of multicultural affairs.

A new assistant director, Andre McGee, joined the staff this spring. McGee works alongside the numerous student organizations that are a part of the Office of Multicultural Affairs. The organizations include: The African American Student Association, Native American Student Association, International Student Associations, Organization of Latin Americans, Lumberjack Cultural Association and G-Force.

The mission of the office is to understand, communicate and embrace diversity and participation in a pluralistic society. The office has recruited Cultural Ambassadors as representatives of the office. The Cultural Ambassadors offer diversity classes and presentations for the public.

"This year the Cultural Ambassadors targeted SFA 101 classes for their diversity education," Roberson stated.

This past year they have worked with Head Start on service projects and The Boys and Girls Club of Nacogdoches, and participated in the Big Event. G-Force offered college bound preparation programs for high school students. On and off campus, they strived to make a difference in the community.

During the fall and spring semesters, the OMA hosted Photo Text displays in the BPSC that addressed such issues as mental illness, transgender and biracial families. The displays are a grant-funded project centered on family diversity.

Another effort to raise awareness was the Clothesline Project, which focused on the abuse of women. T-shirts that had messages about abuse were strung across clotheslines for the public to read.

The OMA also provided enjoyable entertainment through festivals, Pow-Wows and fashion shows. Project (RED) was a fashion show organized in the spring semester in honor of aids awareness. This past fall semester, Think Green was a new fashion show put together that had a similar concept to Project (RED). Think Green highlighted recycled clothing and products to encourage people to "go green."

During winter break, the office transported student volunteers to New Orleans in efforts to continue aid in the aftermath of Hurricane Katrina.

The Office of Multicultural Affairs is located on the third floor of the BPSC and encourages students to stop by and get involved.

Organizations

Section Editor Judith Barroeta

SFA Student Organizations

There are currently 200 plus student organizations on campus. To create a student organization, it takes four students and an advisor. Organizations are registered in the Student Activities office located on the third floor of the BPSC.

There are only three organizations supported by different departments on campus, and receive funds from students' fees, which are paid in with their tuition every semester. Student Activities Association, SAA, receives funds from the Department of Student Activities. SAA is responsible for the majority of entertainment and programming on campus. Past SAA presidents include Charlie Hueber, former Assistant Director of Student Life, Ryan Horne, and Steve Westbrook.

Residence Hall Association, RHA, is the liaison between the Residence Life staff and the student communities on campus. Programs and organized to get the student residents involved with their residence halls. RHA receives funding through the Residence Life Department.

Student Government Association, SGA, is the voice of the student body. Funds are allocated from the Student Life Department. SGA played a major roll in the creating of the new Student Recreation Center and the Baker Patillo Student Center. Students are represented by a senator from their classification as well as their college. Elections are held every spring for

the student body president and every semester for senate seats.

One of SFA's youngest organizations, Driving Jacks, celebrated its two year anniversary this past spring semester. The organization, consisting of more than 80 members, is one of the largest organizations on campus. Driving Jacks is a student-ran safe-ride organization that operates from 9 p.m. to 5 a.m. every weekend. Driving Jacks was created after an SFA student, Amy Shields, was killed by a drunk driver in 2004.

Recently Student Activities created an area within the BPSC for student organizations to hold meetings, print publications for events such as handbills and flyers, as well as an organized mailbox area.

S F A
85
 YEARS
 1923-2008

Tunnel of Oppression

The Lumberjack Cultural Association's Tunnel of Oppression is a touching depiction of some of society's occurrences that we have come to disregard.

The event started in the Student Center theatre. Students began lining up before 7 p.m. anticipating what would take place during the program. There was a film playing as students entered the theatre.

The film displayed several controversies that have taken place throughout recent history, such as the story of Emmitt Till, a black 14-year-old boy who was brutally murdered for whistling at a white woman.

Also shown were different issues affecting races, such as the use of derogatory words that have been known to offend those of different cultures. However, it raised the question as to why, if these words were once so offensive,

they are now used so freely as if they have somehow lost their meaning.

Following the film, students were separated into small groups led by a student tour guide. Students were led into various rooms in the tunnel. The rooms displayed some occurrences that have affected our society that many people overlook.

First, the group was told to huddle in the center of a dark room, not knowing what to expect. Then a group of actors started circling them and yelling derogatory names related to race, religion and even physical traits. It was an intense experience, with some people leaving the room very upset and some even crying.

There were also displays set up, with photos and statistics for hazing and binge drinking, situations with which many college students

have actually had encounters. In one room, student actors talked about the effects of Hurricane Katrina, and one vividly displayed the genocide that takes place in parts of Africa.

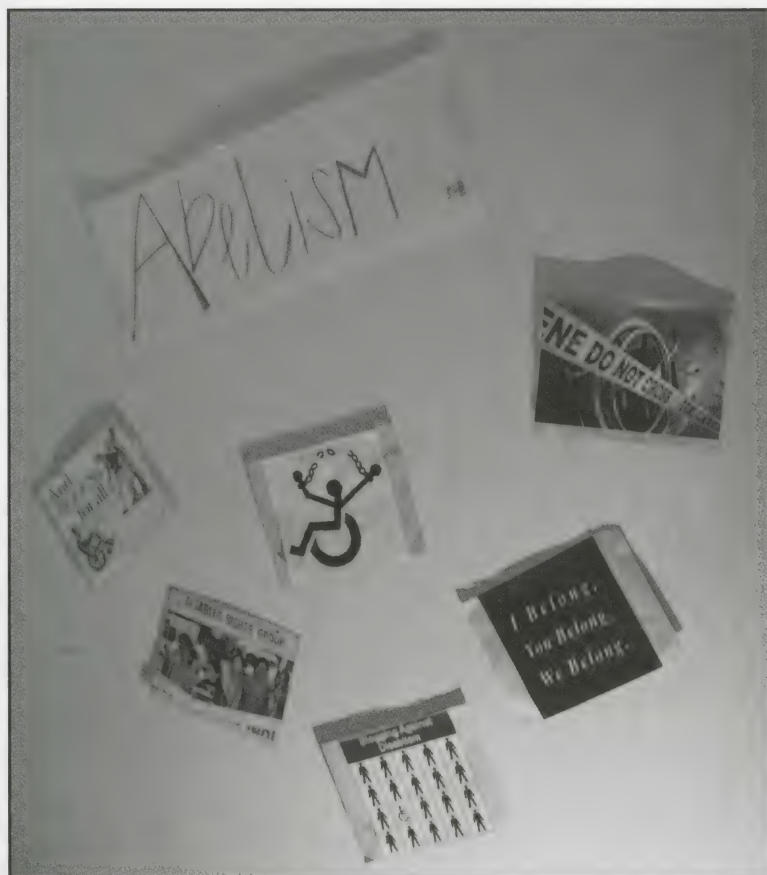

One of the last rooms, which really stood out, depicted an actual racist meeting, with actors yelling things like "white power" and saying the country needed to keep mixed dogs out of government.

"I was so close to turning around and punching one of them, even though I knew they were just acting," one student said. This room left most students speechless.

"The Tunnel of Oppression was eye-opening. It made me want to change the way I look at people," a student said.

Residence Hall Association

The purpose of this organization shall be to unite all the residence halls on Stephen F. Austin State University's campus. The organization, through its members, shall perform all functions necessary to provide residents with a constructive educational and social life while residing in the residence halls. It shall encourage interactions and cooperation among residence halls, and shall further be a liaison for the students to the University administration, acting as the representative voice for all its members.

A few of the programs the Residence Hall Association puts together include: Welcome Jucks, Annual Parent's Day, Fall Fest, Holiday Extravaganza, and Stay @ SFA Weekend.

Photos by Residence Hall Association

RHA Meetings

General Assemblies

At our bi-weekly campus wide meetings, our upcoming activities are planned, decisions are made that affect all on campus, and proposals are submitted.

Senate Meetings

Our Senate members meet on a bi-weekly basis and are made up of the Hall-Level Presidents, Committee Chairs, and the RHA Executive Board. The RHA Senate is the legislative body that governs all the Hall Associations.

Hall Council Associations

Each Residence Hall has its own governing body, known as its Hall Association. Every resident of the hall is a member and has the opportunity to hold an executive position within the hall.

RHA Committees

Housing Advisory: Hosts bi-weekly meetings with administrators from the Residence Life Department to improve the quality, services, and amenities in the residence halls.

Food Service Advisory: Hosts bi-weekly meetings with administrators from Aramark to improve the quality, selection, and service in the campus dining facilities.

Social: Hosts campus-wide social activities for the residents, such as barbecues and pool parties.

Sports & Recreation: Organizes flag football tournaments, 3 on 3 basketball tournaments, and a variety of eating competitions. RHA regularly attends the SFA Softball and Baseball games to host a tailgate party for the residents and fans. RHA is also a two-time winner of the attendance competition at Lumberjack Basketball games.

Community Service: Organizes campus clean-ups, toy drives for the Women's Shelter, and recently volunteered in New Orleans helping with Katrina relief.

Fundraising: Coordinates the RHA Welcome Kits & Finals Kits care package programs.

Top Rianna Jasper, Tiana Hayden, Henry Abutor, James Dyess, Zach Gagnoni, David Thomas, Justin Phillips, Briana Carlow, and Jessika Davidson enjoy a break from Welcome Jacks activities.

Left Casey Furch, Sarah Olsen, Lacey Hux, Sarah Sloan, and Benjamin Williams wait for the beginning of Welcome Jacks activities.

The Events

RHA is responsible for some of the biggest events that happen at Stephen F. Austin. Not only do we help with campus events like Homecoming and tailgates at football games but also Parents Day, Fall Fest, and Holiday Extravaganza. In the spring we do Stay at SFA weekend, Mardi Gras, Showcase Saturday, SWACURH, NACURH and our annual Banquet where awards for the whole year are handed out.

The Legislature

In each Hall there is a Government known as the Hall Association set up consisting of a President, Vice-President, Secretary, and Treasurer. These are elected by the residents to voice their needs and concerns to our Senate which is made up of each Hall President, Committee Chairs and an Exec Board. This group meets every week to present proposals to Res Life, Food Service or our Housing Operations.

Getting Involved

You already are!! Just by living on campus you can represent your hall or a committee to any certain number of other residents or Faculty. Once you move in you will hear a lot about us and your Hall Director will know everything to do. Also, our famous Welcome Jack Program is the best way to have a great start moving in and getting involved with the largest organization on campus!

Opposite page Members of Driving Jacks and TKE gather for a group picture at the end of the Car Bash.

Driving Jacks & TKE host Car Bash

Event raises funds for organization's operation

For the past two semesters Driving Jacks, alongside Tau Kappa Epsilon Fraternity, has hosted a Car Bash as a fund raiser for the organization.

A former TKE president wanted to help with Driving Jacks, so he presented the idea of the car bash to Hector Pineda, TKE member and Driving Jacks president.

During spring 2008, the event raised about \$1,500. The funds went towards operations for the organization, which include the rentals of more vehicles for weekly operating nights.

"It was great to see how students and members of both organizations were interacting," said Pineda, Conroe junior.

For the event the car was donated by Hawkins Towing and Recovery in Nacogdoches. Other local businesses and campus organizations got involved and sponsored the T-shirts that were passed out to students.

Driving Jacks and TKE Fraternity plan to host the event every spring semester around finals to help relieve students' stress.

Driving Jacks is open for operations Thursdays through Saturday, with the exception of school holidays, from 9 p.m. to 3 a.m. or whenever all rides have been completed.

Traditions Council

Our purpose is to promote and preserve Stephen F. Austin's rich history and traditions. As council members, we pride ourselves in bleeding purple and white. We host events and spirit rallies that showcase SFA Traditions throughout the year and also have the honor of coordinating Homecoming and Jack Camp! Students can set up an advising session through our involvement office where they can get all their questions answered about the many student organizations and programs offered here at SFA. These long-standing traditions connect students to important aspects of campus life and assist students in achieving the full Lumberjack experience.

SAA Presents: Mr. Lumberjack

Organization's first male pageant

SAA hosted its first male pageant, Mr. Lumberjack, Oct. 8, 2008, in the BPSC Movie Theatre.

"Even though it was the first Mr. Lumberjack, the event was successful, and the workers made sure it was ran smoothly," said Anatasia Hoosman, SAA member and Carrollton sophomore.

The event consisted of four categories: best in swimwear, SFA gear, flannel wear and a talent portion. Contestants had the opportunity to choose their favorite looks and best talent to showcase to the audience.

"My favorite category was swimwear. It gave me the chance to show a different side of my personality," said contestant Wyndell Williams, Edgewood, Maryland junior.

Unlike other male pageants, there was not a panel of judges to choose the best contestants of the event. Instead, the audience played a major role in the pageant. The audience members had the chance to choose which contestants they thought should win.

Each contestant has his own "Cash Queen" who walked around the audience to collect dollar bills for their contestant. The contestant who had the most amount of dollars bills ended up being crowned Mr. Lumberjack.

The audience voted, and Jerren Hogg, Garland freshman, was crowned the first Mr. Lumberjack. "It was an exhilarating rush to be voted by the audience, with it being the first annual. I was totally unaware of what to expect," Hogg said.

"I originally signed up to fill a spot," he said. "I had previously competed in other SAA events, and Mr. Lumberjack seemed very appealing."

Hogg received \$300, and second place winner Craig Adderley took home \$150.

The event showed hope in returning for the next Fall Semester. SAA had a full house with more than 300 students attending.

Student Activities Association strives to provide an educational and recreational experience outside the classroom through programs that culturally enlighten, intellectually stimulate, and entertain the university community. SAA provides the campus with over 100 events each semester ranging from weekly movies to coffee house events, outdoor concerts, comedians, lectures and late night series, and much more.

ROTC

Army ROTC (Reserve Officers' Training Corps) is one of the best leadership courses in the country and is available to any SFA student. During classes and field training, students learn first-hand what it takes to lead others, motivate groups and how to conduct missions as an Officer in the Army. Upon graduation from Army ROTC, students earn the rank of a Second Lieutenant and become a leader in the active Army or Army Reserves/National Guard.

Army ROTC prepares college students to succeed in any competitive environment. The leadership training and experiences that students have in Army ROTC will provide them with a foundation to become commissioned Army Officers upon graduation. Upon completion of the Army ROTC program, graduates will be commissioned as Second Lieutenants in the U.S. Army and will embark on specialized training in their first Army assignment. Army ROTC also provides a gateway to nursing students to pursue a career in the Army Nurse Corps.

Upon completion of Officer Branch training and a first assignment, Army Officers may pursue additional specialized training and post-graduate education opportunities. They will be assigned to advanced leadership positions and to staff positions in upper management. ROTC is an opportunity of a lifetime to develop yourself and to influence the lives of others. You will also have the opportunity to gain valuable full scholarships and financial assistance to pay the cost of your college education.

ISA

International Student Association

The international student population at SFA totaled 186 students in the Spring 2008 semester. This represents a 15% increase from Spring 2007 and a 50% increase over Spring 2006 numbers. These 186 students represent 36 different countries and include 102 undergraduate students, 68 graduate students and 16 intensive English students.

In November 2007, the International Student Association, Office of International Programs and SFA Multicultural Center worked together to stage the first annual International Fashion Show. Students from 15 countries participated in the show.

Lumberjack Cultural Association

The mission of LCA is to serve as the student programming component of the Stephen F. Austin State University Multicultural Center. LCA seeks to provide a variety of diverse, social, recreational, cultural, entertaining and educational programs which enhance the Stephen F. Austin State University community in the aspects of diversity and multiculturalism. This organization was designed to unite the diverse cultural clubs and organizations under the OMA.

G-Force

G-FORCE is an organization that was founded at Stephen F. Austin State University in 2005 by students who wanted to inform under-represented college bound high school students about resources and opportunities available to them.

G-Force performs various acts of community service with Head Start and the Boys & Girls Club. Currently, the organization operates within the hospice services of the Office of Multicultural Affairs.

A scholarship fund was founded during the spring 2009 semester and will serve as an annual opportunity for high school students to excel with assistance from their peers and community.

During the Fall 2008 Semester, G-Force participated in Nacogdoches High school's College Night. The organization was also featured in the Daily Sentinel. G-Force members volunteered at the Boys & Girls club and had a float in the Nine Flags Festival Parade in downtown Nacogdoches.

During the Spring semester, the organization hosted a Slam Poetry Night, mentored high school students and raised money for a scholarship fund for high school students. G-Force members also participated with the read-in at Head Start. In general, G-Force is a service organization. Members pride themselves in assisting their peers, communities and fellow Lumberjacks.

Sylvans

The Forestry Department was organized in 1946 under the direction of W.R. Owens, and the Sylvans Professional Forestry Students Club was officially reorganized on campus with the adoption of its constitution on December 17, 1946. Undoubtedly, most, if not all, of the initial students in forestry at SFA in the early days of this programs were involved in the Sylvans.

The primary function of the Sylvans was to provide a forum for professional development for the students. The Sylvans also held on Annual Forestry Field Day that was a major event on the campus. The field day was replaced with “Lumberjack Day,” which is now held annually during the festivities associated with Homecoming. Lumberjack Day is designed to allow participation in Lumberjack sports, such as crosscut sawing, by students and organizations not sponsored by the College of Forestry.

In 1958, the Association of Southern Forestry Clubs (ASFC) was organized by the University of Georgia. The first ASFC Conclave was hosted by Georgia and representatives from SFA attended and participated. The Sylvans thus became one of the founding members of the ASFC. The Annual Conclave eventually became the primary focus of the Sylvans. The Sylvans have placed first or second in 17 of the last 20 Conclaves. SFA has hosted Conclave four times: 1966, 1977, 1994, and 2005. Since ‘77, SFA has won Conclave every time it has been held in Texas. Texas A&M hosted Conclave in 1986 and in 2002, where SFA placed first both times. SFA also won Conclave in 1995 (at Florida) and in 2001 (at Auburn), 2006 (LA Tech), 2007 (University of Tennessee), and 2008 (University of Florida)

The Sylvans remain as one of the strongest organizations in the College of Forestry and Agriculture.

Organization of Latin Americans

The Organization of Latin Americans (OLA). OLA has done tremendous things for the SFA campus and as well in the East Texas community. We've been the most diverse organization on this campus since 1984. OLA is open to any individual who is dedicated in doing great things not only for themselves, but for others. OLA consist of great individuals who we all call family.

Driving Jacks

Driving Jacks is a nonprofit organization run by volunteers. Every Thursday, Friday and Saturday night, two to three cars of members go out and provide safe rides for students and local residents who are too intoxicated to drive themselves home from bars and parties. Sponsors for the organization help provide the funds needed to purchase rental cars and other various promotional materials.

Hector Pineda, Driving Jacks president and Conroe senior, said Driving Jacks is not a judgmental organization.

"We get excited when people call us," he said. "We want them to. We also want them to know that we won't call them out on campus the next day and embarrass them or anything."

Pineda said Driving Jacks is important because it prevents many

driving while intoxicated charges (DWI).

"The cost of a DWI is estimated at \$5,000, but the cost of using Driving Jacks is priceless." He said.

Clarissa Bensenberger, South Lake junior, said, "I have a lot of friends on campus, and being a Driving Jack is my way of protecting them."

The organization's labor has not been in vain. Not only have they potentially saved lives, but Driving Jacks has been recognized as SFA's Organization of the Year for the past two consecutive years.

Driving Jacks is completely free and available to anyone. To access them, call 936-468-1589. Their hours of operation are Thursday, Friday and Saturday night from 10p.m. to 3a.m.

Muslim Student Association

The Muslim Student Association (MSA), started in part by Habiba Awan, is making its presence known on the SFA campus.

Awan, a member of the Nacogdoches community and a prominent supporter of the University, made the decision to found the association in hopes of eradicating prior misconceptions about the multitude of religions around campus and the outlying community.

The MSA, whose meetings are open to anyone, whether or not they are of the Muslim faith, engages in a variety of intercultural activities and create an active relationship with other religious and non-religious organizations in Nacogdoches.

Currently the MSA's membership is about 15, including Muslims and non-Muslims. In order to increase religious understanding, Dr. Thomas Segady, sociology professor, agreed to be adviser for the Islamic organization.

Among other purposes is their desire to secure a location on campus for obligatory prayer and create an environment for Muslims to develop personally and religiously.

Student Government Association

The Student Government Association of Stephen F. Austin State University was established to be the voice of the students. The SGA is made up and administered entirely by students and is the representative body of the students at SFA. Student Government serves as a sounding board for students and introduces legislation on their behalf. Bills passed in the last five years have addressed issues dealing with campus lighting, campus safety and the building of our SFA Student Recreation Center and University Center. A second goal of SGA is to serve as a model government and to that extent is fashioned in a traditional government model. SGA has three primary branches, the Legislative, the Executive and the Judicial. Each branch serves a vital function to the overall health of the organization. SGA students also get to travel to Austin and meet with their state representatives and senators to learn more about the political process in Texas. A final goal of SGA is to foster leadership development. SGA is an excellent place for students to develop their leadership abilities. By participating in the election process, developing legislation and being the voice of the students the members establish themselves as campus leaders. For over 70 years the SGA has contributed to the rich, independent tradition of the Lumberjack student. In the recent years SGA has passed resolutions that directly led to the construction of the SFA Student Recreation Center and the SFA Student Center, partnered with the University Police to improve lighting and safety protocols on campus and registered over 500 students to vote in the state and national general elections.

Theta Chi

Fraternity is back at SFA

The boys are back in town. Theta Chi, a social fraternity, came back onto campus this past fall and proved they are the one fraternity to be involved in. Their motto is 'Extend a helping hand.'

In 2001 their nationals took away the charter at SFA from allegations of hazing occurring. The university did not take any action in the situation. How the nationals took care of it, is why they got asked to come back to the campus. Theta Chi decided to take away the charter before anything else happened. It has been seven years, there is a four year waiting period and they are ready to reestablish themselves and their traditions like they have for the past 30 plus years at SFA.

"We want the guys to be able to have a good time while representing the fraternity," said expatriation coordinator Corey Fischer.

In the 70s, 80s, and 90s the Epsilon Tau chapter of Theta Chi was the top fraternity on campus. They want to be the exact legacy that their alumni left. The Alumni are valuable members in the community.

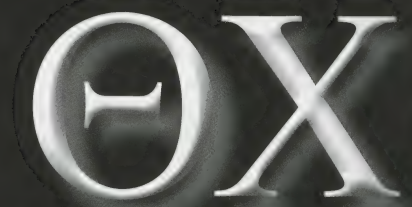

Theta Chi is not just social, it has expectations and has the opportunity to revise the Greek system. Alma Mater to Theta Chi second, the main focus is education first.

"Theta Chi is brotherhood at its best," said Fischer.

Theta Chi became a colony at SFA at its Colonization Ceremony December 6. The fraternity, now a colony, can now participate in all IFC activities including Men's Rush.

Story by Brittany Logan

Pom Squad

The SFA Pom Squad has been a part of the SFA Spirit landscape for 25 years and serves as one of the ambassadors for the spirit and Lumberjack pride at SFA. Made up of 15-25 members, these students participate in Lumberjack football, volleyball, and basketball games, as well as competing in the NDA Collegiate National Championship each year.

Currently ranked number two in Division 1 Dance, the SFA Pom Squad is made up of some of the best collegiate dancers in the nation. This team has been named NDA National Champions five times in the past 18 years, including 1993, 1994, 1995, 1996, and 1998. Ranking 3rd in 2007, and also receiving the Innovative Choreography Award and the ADTS Collegiate Academic Champions. Most recently ranking 2nd in 2008, the Pom Squad continually strives to help raise the standards for collegiate dance across the nation. The SFA Pom Squad is also ADTS Collegiate National Champion, winning in 2003, 2005, 2006, 2007, and 2008.

The 2008-09 Pom Squad attended camp this past summer at SMU in Dallas, where they placed 2nd in the Team Dance, won the Most Collegiate Team Award and most importantly, won the Best All Around Team. This award won them a Full Paid Bid to the 2009 College National Championship in Daytona Beach, Florida. This is the third year in a row for the team to win this coveted award.

The Pom Squad has been under the Direction of Choreographer and Coach T.J. Maple for four years and he has transformed the team from a traditional Pom Squad, which focused on high energy Hip Hop and Pom to one focusing on a higher level of dance and technique.

Story courtesy of the Pom Squad

Right Kelsey Moor, Jennifer McQuary, Kayla Rodriguez, Rachel Billingsly, Dani Shields, Katie Husfelt, Dayne Ulrich, Emily Tolbert, Mysha Corb, Kara Cross, Stephen Bess, Ashley Flemming, Jillian Robinson, and Mandy Jenkins at a SFA basketball game.

The SFA Pom Squad attended the 2008 NDA Collegiate Nationals in Daytona Beach, Florida where they competed against other Division I Dance Teams from across the Nation. SFA was ranked amongst the top teams going into Preliminary competition after being the only Division I team to receive a Full Paid Bid to the National Competition from camp. SFA was ranked 3rd going into Finals after Prelims, but only by .116 from the 2nd Place Ranking Team - UNC Charlotte, and only .358 from the 1st Place ranking team Towson University. Knowing how close the scores were boosted the team to fix the small mistakes from Prelims and go out there for Finals fighting for the Title. After long hours of practicing to perfect our routine even more, the Pom Squad stepped up their dancing and placed 2nd in the Nation. The Pom Squad has 5 National Championships (1993, 1994, 1995, 1996, and 1998).

Above Lauren Spain, Mysha Corb, Ashley Flemming, Emily Tolbert, Tricia Kasper, Holly Henderson, Jillian Robinson, Kelsey Moor, Mandy Jenkins, Tara Fochesota, Megan Kendlehart, Kim Case, Katie McCracken, Coach T.J. Maple, Heather Easley, and Jennifer Harris made up the Pom Squad who attended the 2008 NDA Collegiate Nationals in Daytona Beach, Florida.

Left Lauren Spain and Stephen Bess cheer on the SFA basketball team.

Campus Recreation

Rec Center named outstanding sports facility

The National Intramural-Recreational Sports Association (NIRSA), the pioneer in organized recreation programs for colleges and universities, is proud to announce Stephen F. Austin State University Student Recreation Center as one of the six recipients of its 2009 Outstanding Sports Facilities (OSF) awards.

NIRSA began presenting annual OSF awards for creative, innovative designs of new or expanded facilities in 1988. Each winner is considered a standard or model by which other collegiate recreational facilities should be measured and from which others can benefit. NIRSA selects and publishes information on these facilities as a resource for campus master planners, recreational sports directors, designers, architects, contractors and recreational sports students.

The winners for 2009, listed alphabetically by institution, are: Colorado School of Mines Student Recreation Center, Springfield College Wellness Center, Stephen F. Austin State University Student Recreation Center, The University of Texas- Pan American Recreation & Wellness Center, The University of Texas at San Antonio Recreation & Wellness Center and University of Wisconsin Oshkosh Student Recreation & Wellness Center.

"These six facilities represent the very best and the very latest in collegiate recreational centers," said Jeff Huskey, Director of Campus Recreation at SFASU and Chair of NIRSA's 2008-2009 Outstanding Sports Facilities Award Selection Committee, which oversees the award process. "These facilities not only provide a location for physical activity, but also create a sense of community on their campus. The students who utilize these fantastic facilities are more successful academically and are more satisfied with their overall college experience."

Recent research backs him up. A 2004 study commissioned by NIRSA and conducted by Kerr & Downs found that participation in recreational sports programs and activities is a key determinant of college satisfaction, success,

recruitment and retention.

To be eligible for an Outstanding Sports Facilities Award, the facility must belong to a NIRSA member institution, must be no more than two years old, total construction costs (excluding design and land fees) must be at least \$2 million and the facility must be more than 20,000 square feet.

The judges are recreational sports directors from member institutions and designers or architects who are associate members. They evaluate each facility on the following criteria: correlation to the campus master plan and mission; intended and actual impact on the recreational program; unique aesthetic or architectural features; the relationship between facility design and staffing; innovative construction materials or methods; sustainable features and technological benefits for the customer, staff or budget.

Winners of this prestigious award will be recognized at the NIRSA Annual Conference and Recreational Exposition April 1-4, in Charlotte, N.C.

NIRSA is the leading resource for professional and student development, education and research in collegiate recreational sports. Headquartered in Corvallis, Ore., NIRSA was established in 1950 at a meeting of 22 African-American men and women from 11 Historically Black Colleges and Universities at Dillard University. NIRSA now includes nearly 4,000 highly trained professional, student and associate members throughout the U.S., Canada and other countries. Serving an estimated 5.5 million students who regularly participate in campus recreational sports programs, NIRSA members are actively engaged in many areas of campus life, including: student leadership, development and personnel management; wellness and fitness programs; intramural sports; sport clubs; recreation facility operations; outdoor recreation; informal recreation and aquatic programs.

Outdoor Pursuits

The Outdoor Pursuits program at SFA strives to provide experiences that contribute to the overall physical, emotional, intellectual and moral development of each student. This is accomplished through a variety of programming means including: an outdoor / travel clinic series, outdoor adventure trips, outdoor equipment rental and retail, a multiple high and low element challenge course, as well as open recreation on our indoor rock climbing facility. We truly believe that our programming has the power to change the world, one student at a time.

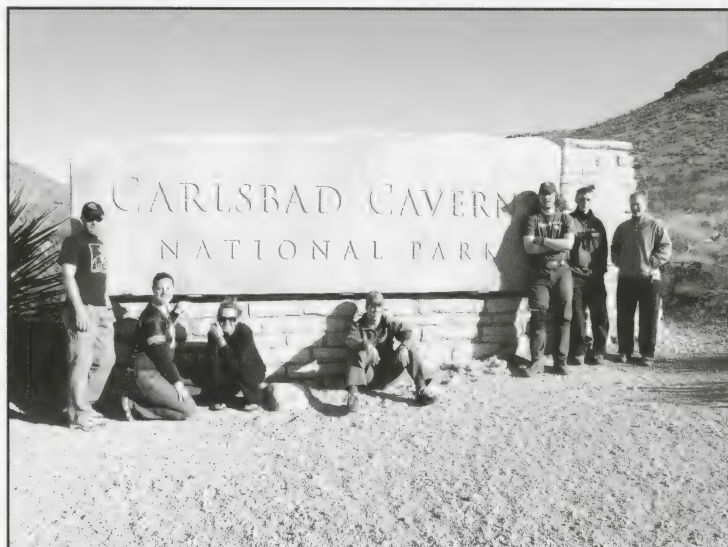

Outdoor Pursuit Trips: The chance to get outside with the OP staff and other students while learning new outdoor skills in new and exciting environments.

Clinic Series: Enhance your outdoor experiences by learning new outdoor skills with our staff.

Climbing Wall: On our 34 foot free-standing wall, you can hone in on those climbing skills or just come boulder for fun.

Outdoor Center: This is our main headquarters and the place for you to come for your entire trip planning, gear rental or purchasing needs. This is also the main location to learn about and sign up for trips and clinics.

Outdoor Pursuits offers trips and activities such as horseback riding, canoeing on Caddo Lake, mountain biking, skiing in Colorado, rock climbing at Wichita Mountain, a full moon float on Lake Nacogdoches, canyoneering in the Southwest, and much more.

The Dandylions

The Dandylions first started in the spring of 2008 when a group of friends made a team for the Mud Bugs and Volleyball tournament. Since then, the Dandylions have stayed together as a team, either as co-ed, women and mens teams. The Dandylions are either playing with each other or cheering each other on. They have participated in intramural teams such as volleyball and soccer. Next, the Dandylions plan to participate in the Mud Bugs and Volleyball tournament and other intramural teams. The Dandylions were 4th in last year's Mud Bugs and Volleyball tournament, Champions for Co-Ed Intramural Soccer, and second in the men's intramural soccer.

National Society of Collegiate Scholars

The National Society of Collegiate Scholars (NSCS) is an honor society inviting high-achieving freshmen and sophomores. Members must have a GPA of 3.4 or above and rank in the top 20 percent of their class. NSCS is proud to offer more money for undergraduate scholarships than any other honor society nationwide.

But more than that, NSCS is a growth opportunity, leadership training ground, and resource. Students who join meet people on campus and at other schools they might not have otherwise. Students who join get the tools and encouragement they need to take part in transforming the on-campus and community-wide issues that mean the most to them. A few community service projects that NSCS was involved in this year included: Planning for College Success, "I Stand for Integrity" Week, and "Sports Day Out."

"Honoring and inspiring academic excellence and engaged citizenship."

Jacks overcome 28-point deficit

On October 4, 2008, the Lumberjacks came back from 28 points to win the game in a 48-45 final over Southeastern Louisiana.

The Lions jumped out to an early 28-0 lead in the first quarter of the conference opener.

Head Coach J.C. Harper credits the previous week's opponent South Dakota State for the win. "They taught us what it means to fight and come back." He said. "We talked about it all week, how South Dakota State has character and pride, and we wanted to build on that."

Jeremy Moses, Baytown sophomore, threw for 319 yards and four touchdowns. Two of those touchdowns were to Dominique Edison, San Augustine senior, who racked in 173 receiving yards and a key 2-point conversion.

The Jacks' first touchdown came late in the first quarter when wide receiver Marcus Taylor, Galveston sophomore, hauled in a 13-yard touchdown pass from quarterback Moses.

Dominique Edison grabbed a 25-yard pass from Moses for the team's second touchdown with just over 6 minutes left in the second quarter.

SFA scored one final time in the second half with Edison's second touchdown of the night on a 45-yard reception. After the play, the Jacks went for the 2-point conversion to make it 35-21.

The Lions tacked on one more touchdown in the quarter, and the teams went into the locker room at the half with a score of 42-21. By the time the Jacks got the ball, the Lions added a field goal to go up 45-21.

Cornel Tarrant, Dallas sophomore, capped off a 61-yard drive with a 1-yard touchdown run to make it 45-28.

The Jacks had nowhere to go but up, and they didn't allow the Lions to score again. Within the first minute of the fourth quarter, the Jacks' Rainey Sternes, DeSoto sophomore, blocked a Lion punt that ended up in the back of the end zone for a safety. The Jacks were down 45-30 and were ready to get the ball back.

About 7 minutes later, Moses found Roderic Warren

for a 31-yard touchdown pass to cut the lead to 8. That last touchdown came on a 9-yard touchdown run by running back Tyrone Ross, Tyler junior, to go down by 2, and SFA was forced to go for its second 2-point conversion of the game, this one to tie. Edison came up huge when his team needed him as he caught the 2-point conversion pass from Moses.

It appeared as though the game would go into overtime, but that wasn't the case. The Jacks would force the Lions to punt after a three and out, allowing them only one yard.

On the final drive, Moses connected with Edison on back-to-back plays for a total of 45 yards to set up a 23-yard game winning kick from Cory Long, Richardson senior.

Harper and Edison both believe the last two games will give them momentum for the remainder of the season. "Our job and our ambition is to go to the conference championship and win and to win every ball game," Harper said. "It doesn't matter who we play."

"I feel like we're on the right track, and it's going to be a pretty good year for us," Edison said. "I feel like if we play like we did tonight in the second half, no team in the conference will be able to beat us."

Harper expressed optimism about Edison and thinks he will one day be playing in the NFL, but until then, he's glad to have the senior receiver on his team. "Dominique is a great player, and we're excited he's part of this team," he said.

Moses and Edison have worked hard and built chemistry. "We have pretty much been on the same page," Edison said. "This summer we did a lot of seven-on-seven, and we've just tried to work on our time, and it's finally clicking. It just all clicked tonight."

Edison is well aware of his leadership position on this team and he said he leads with his actions. "I'm not a vocal type of guy." He said. "When underclassmen see me they see me practice hard and go out on game day. I feel like I lead by example and keep a positive attitude about everything and try to guide that way."

Ladyjacks make All-Southland Conference Team

The 2008 Southland Conference All-Academic teams were announced in December with three Ladyjacks—Lauren Railey, Shelly Swendig and Laurel Kuepker—each earning automatic selections to the first team.

The All-Academic teams are voted on by the head coaches, sports information directors and academic/compliance administrators from each SLC university. Student-athletes must possess a 3.00 cumulative grade point average, have completed one full academic year at the nominating institution and participated in at least 50 percent of the team's competition to qualify for the all-academic squad. Automatic selections are earned from having met all qualifications in addition to being named to the All-SLC first team, or by being named to the ESPN The Magazine Academic All-District team.

Railey was named to the team for the third consecutive year after already having earned her second consecutive All-SLC first team honor in late November. The senior closed out one of the best careers in the history of SFA Volleyball this season, becoming the first Ladyjack and only the eighth player in the history of the Southland Conference to record 1,500 digs and 1,500 kills in a career. The biology major finished her career ranked third all-time at SFA in attacks, third in digs, fourth in kills and eighth in service aces. This year she led the team in kills, attacks and aces and closed out the year strong with eight double-doubles in her final 10 matches.

Swendig landed on the first team for the second time in as many seasons, this time by virtue of her selection to the ESPN The Magazine Academic All-District second team. The senior showed balance and efficiency across the board in 2008, hitting .255 from her outside hitter spot,

the third-best mark on the team. The political science and international studies major also averaged 2.38 kills, 1.67 digs and 0.58 blocks per set while also dishing out 46 assists which was the most by any non-setter on the roster.

Kuepker also earned her way onto the first team for the first time in her career by way of her selection to the ESPN The Magazine Academic All-District second team. The LaPorte, Ind., sophomore is majoring in liberal studies and was named SLC Defensive Player of the Week four times this season on her way to earning honorable mention all-conference honors. She led the SLC in digs in 2008 with a 4.45 average, going over 30 digs in a match three times including a career-high 36 in a five-set win over SMU in Dallas.

Amanda Alders

She was meant to be a Ladyjack

Amanda Alders led the SFA Ladyjack Soccer team in assists during the 2008 season and is the all-time goal scorer, but her success has not come easily.

Alders, Colleyville senior, tore her ACL during her junior year in high school. Prior to the injury, she was being recruited by top women's soccer programs including the University of Michigan, Purdue, Louisiana State University and Texas A&M. After she was hurt, the schools pulled their interest and told her to inform them when she was back from the injury. SFA continued to show interest in Alders throughout her injury by sending her monthly letters and asking about her injury status.

"I did not know anything about the smaller schools and had never heard of SFA," Alders said. "I told my mom I at least owed them (SFA) a visit since they always sent me letters. Once I came out here, I really liked the campus, and I felt like I fit in. I knew I wasn't going to be able to go far from home after my injury in high school."

"I like the small-town atmosphere here," she said. "I went to a small private high school during my junior and senior years, so I like the small town. The medium-size campus is nice." But because she's from the Dallas area, she admits missing the shopping opportunities a larger city has to offer.

After her high school injury, Alders sustained injuries while at SFA as well. After the 2007 regular season she was unable to play in the NCAA tournament due to a knee injury. She only scored five goals that season, but it gave her a 32 total and she was named SFA's all-time leader in goals. Alders also was named SFA's all-time leader in points after she scored 14 last

season, giving her 74 total points. This season she continued her success by leading the team with five assists and 15 goals scored.

Alders was scheduled to have surgery after Easter break in the spring, but she decided to hold off until after her senior season. This has allowed her to play more in an assist role this season and to have an enjoyable year.

Alders did not start playing soccer until she was 9. When she was young, she participated in dance and gymnastics. She said her mom noticed she was too strong to be doing gymnastics when she kept throwing herself off the bars. That is when she decided to try soccer.

"The first game I played, I scored a ton of goals, so my mom said, 'Well, this is the sport for you,'" Alders said.

Alders does not have any pre-game rituals, and she doesn't have to wear anything special to have a good game. "If I am hyper and goofy (before a game,) I know it's going to be a good game," she said. "I know people who are very superstitious, but I'm not."

Alders served as a team captain along with Amanda Lackey, Humble senior, and Courtney Bauder, Las Vegas, Nev., sophomore.

Soccer is not the only priority in Alders' life. She is the president of Fellowship of Christian Athletes as well. "I love God, and my faith is very important to me," she said. Alders plans to graduate with a marketing degree in May and will pursue a career in sales.

*Story by Ashley Landers
Photos by Thomas Motyka*

["Once I came out here, I really liked the campus, and I felt like I fit in."
—Amanda Alders

Amanda Alders put up big numbers for the Ladyjack Soccer team and in the classroom as well. The Colleyville senior was named to the 1st team Southland Conference All-Academic Team.

Lumberjack Basketball

Players and coaches of the men's basketball team have extremely high expectations coming into the year because of their success last year. The Jacks won conference in the regular season, and they hope to do so again this year as well as win the conference tournament.

"We have very high goals for this team," head coach Danny Kaspar said. "With the amount of experience, scoring and rebounding returning from last year, players and coaches have goals of regular and post season championships. We're not cocky; we just feel we have the capability of achieving goals."

The Lumberjacks' incredible run came to an end in the SLC tournament when they lost to Northwestern in the second round. They got an invitation to the NIT but lost to UMASS in the first round.

SFA didn't publicize it because they didn't want to make excuses, but Kaspar pointed out the fact that two of the team's star players were playing hurt. Josh Alexander and Eric Bell gave all they had but could only contribute so much when injured. "I think Josh was playing at about 50 percent and Eric was probably playing at about 75 percent," Kaspar said. "His ability to penetrate and Josh's ability to shoot just weren't strong."

Losing to Northwestern has only made the Jacks more ambitious to win. "I think there's a hunger among the team members to get to the NCAA," Kaspar said. "It probably wouldn't be as strong as if we had made it to the

NCAA tourney. The players don't feel like we have anything to prove to anyone but ourselves. We feel like we would have been a very good NCAA tournament team."

The Jacks have a tough non-conference schedule this year as they take on Texas A&M, Texas Tech and Arkansas. "Playing a tough schedule can prepare you or destroy you," Kaspar said. "There are teams with high expectations and (they) have trouble with a tough schedule. The main thing is we don't have many home games in non-conference. We go on the road for seven games and play at home for five." The Jacks knocked off the Oklahoma Sooners a year ago.

Sam Houston is scheduled to come to Nacogdoches for the only regular season match between the two teams of the year on Jan. 10. The game will be televised, but the residence halls won't be open until Jan. 16, which will make it harder for students to attend the game. The scheduling was what Kaspar calls "a major (scheduling) mistake by the conference."

Last year when the Jacks hosted Sam Houston, the fans showed up and cheered their team to a victory. "One of the reasons for success last year is our fans' support from both students and faculty," Kaspar said. "I give them credit, especially for the Sam Houston game. It was truly inspiring."

Meet Ashley Bailey

Meet Ashley Yvette Bailey, Number 3 on the court, No. 1 in your heart. This determined Ladyjack has played various sports for a heavy part of her life. She currently spends her time in volleyball gyms.

Being a Ladyjack Volleyball player is not an easy task, but Ashley wears her uniform with pride.

In her adolescent years she dreamed of being a lawyer or a WBNA all-star. Her career goals have taken a slight change, and she now spends her time studying kinesiology. Once she graduates she wants to coach and teach. "Coaching is a passion of mine," Bailey said. "My high school coach meant and means so much to me. She is a like a second mom."

Bailey's arrival in Nacogdoches was an eye opener. This Mesquite native adjusted to the slow moving East Texas living quickly. She keeps her focus by remembering, "School first, volleyball second."

The fearless athlete is troubled by deer heads, "the kind people hang on the walls." There are certain restaurants that she can't step into because of the fact.

In Ashley's freshman year she experienced a conference championship. With this under her belt, she looked forward to spring training. She experienced

shoulder pains that are not uncommon with most volleyball players, but her pains took more than ice and heat to heal. It would take surgery. The spring was a time of rest, and on Sept. 12, 2006, Ashley had her surgery.

"It took me a whole semester to recover from my shoulder injury. The best part was that it was getting fixed, and I would be able to play again. The worst part was sleeping straight up every night for a month.

"Therapy three times a week was hard too."

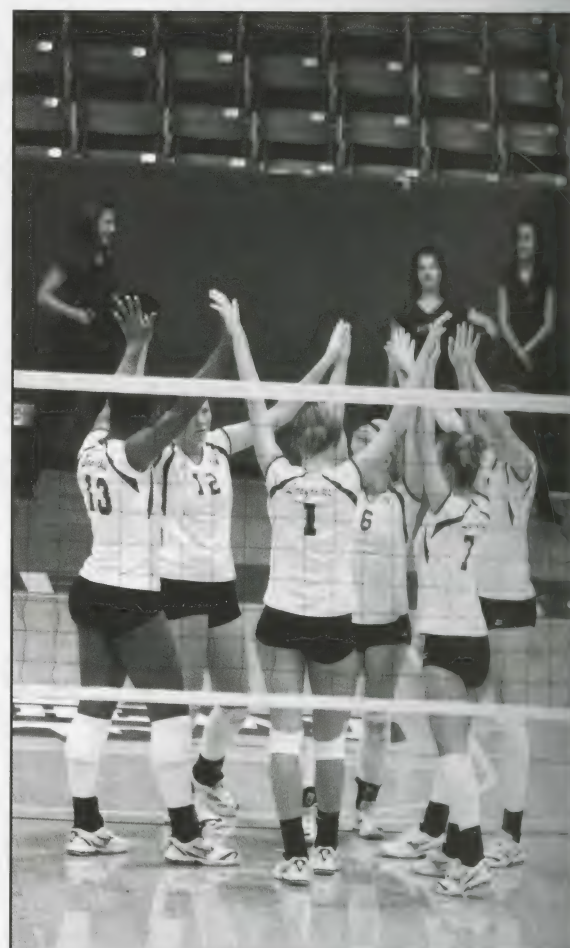

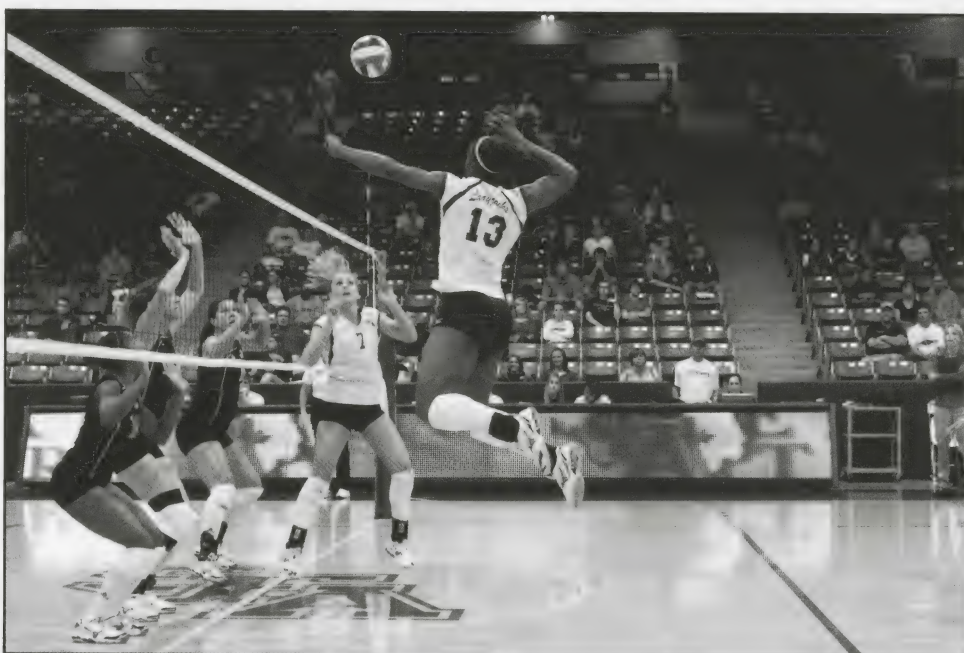

Her shoulder is great now. She does not have full range of motion, but the Ladyjack is happy she can still play the sports she loves.

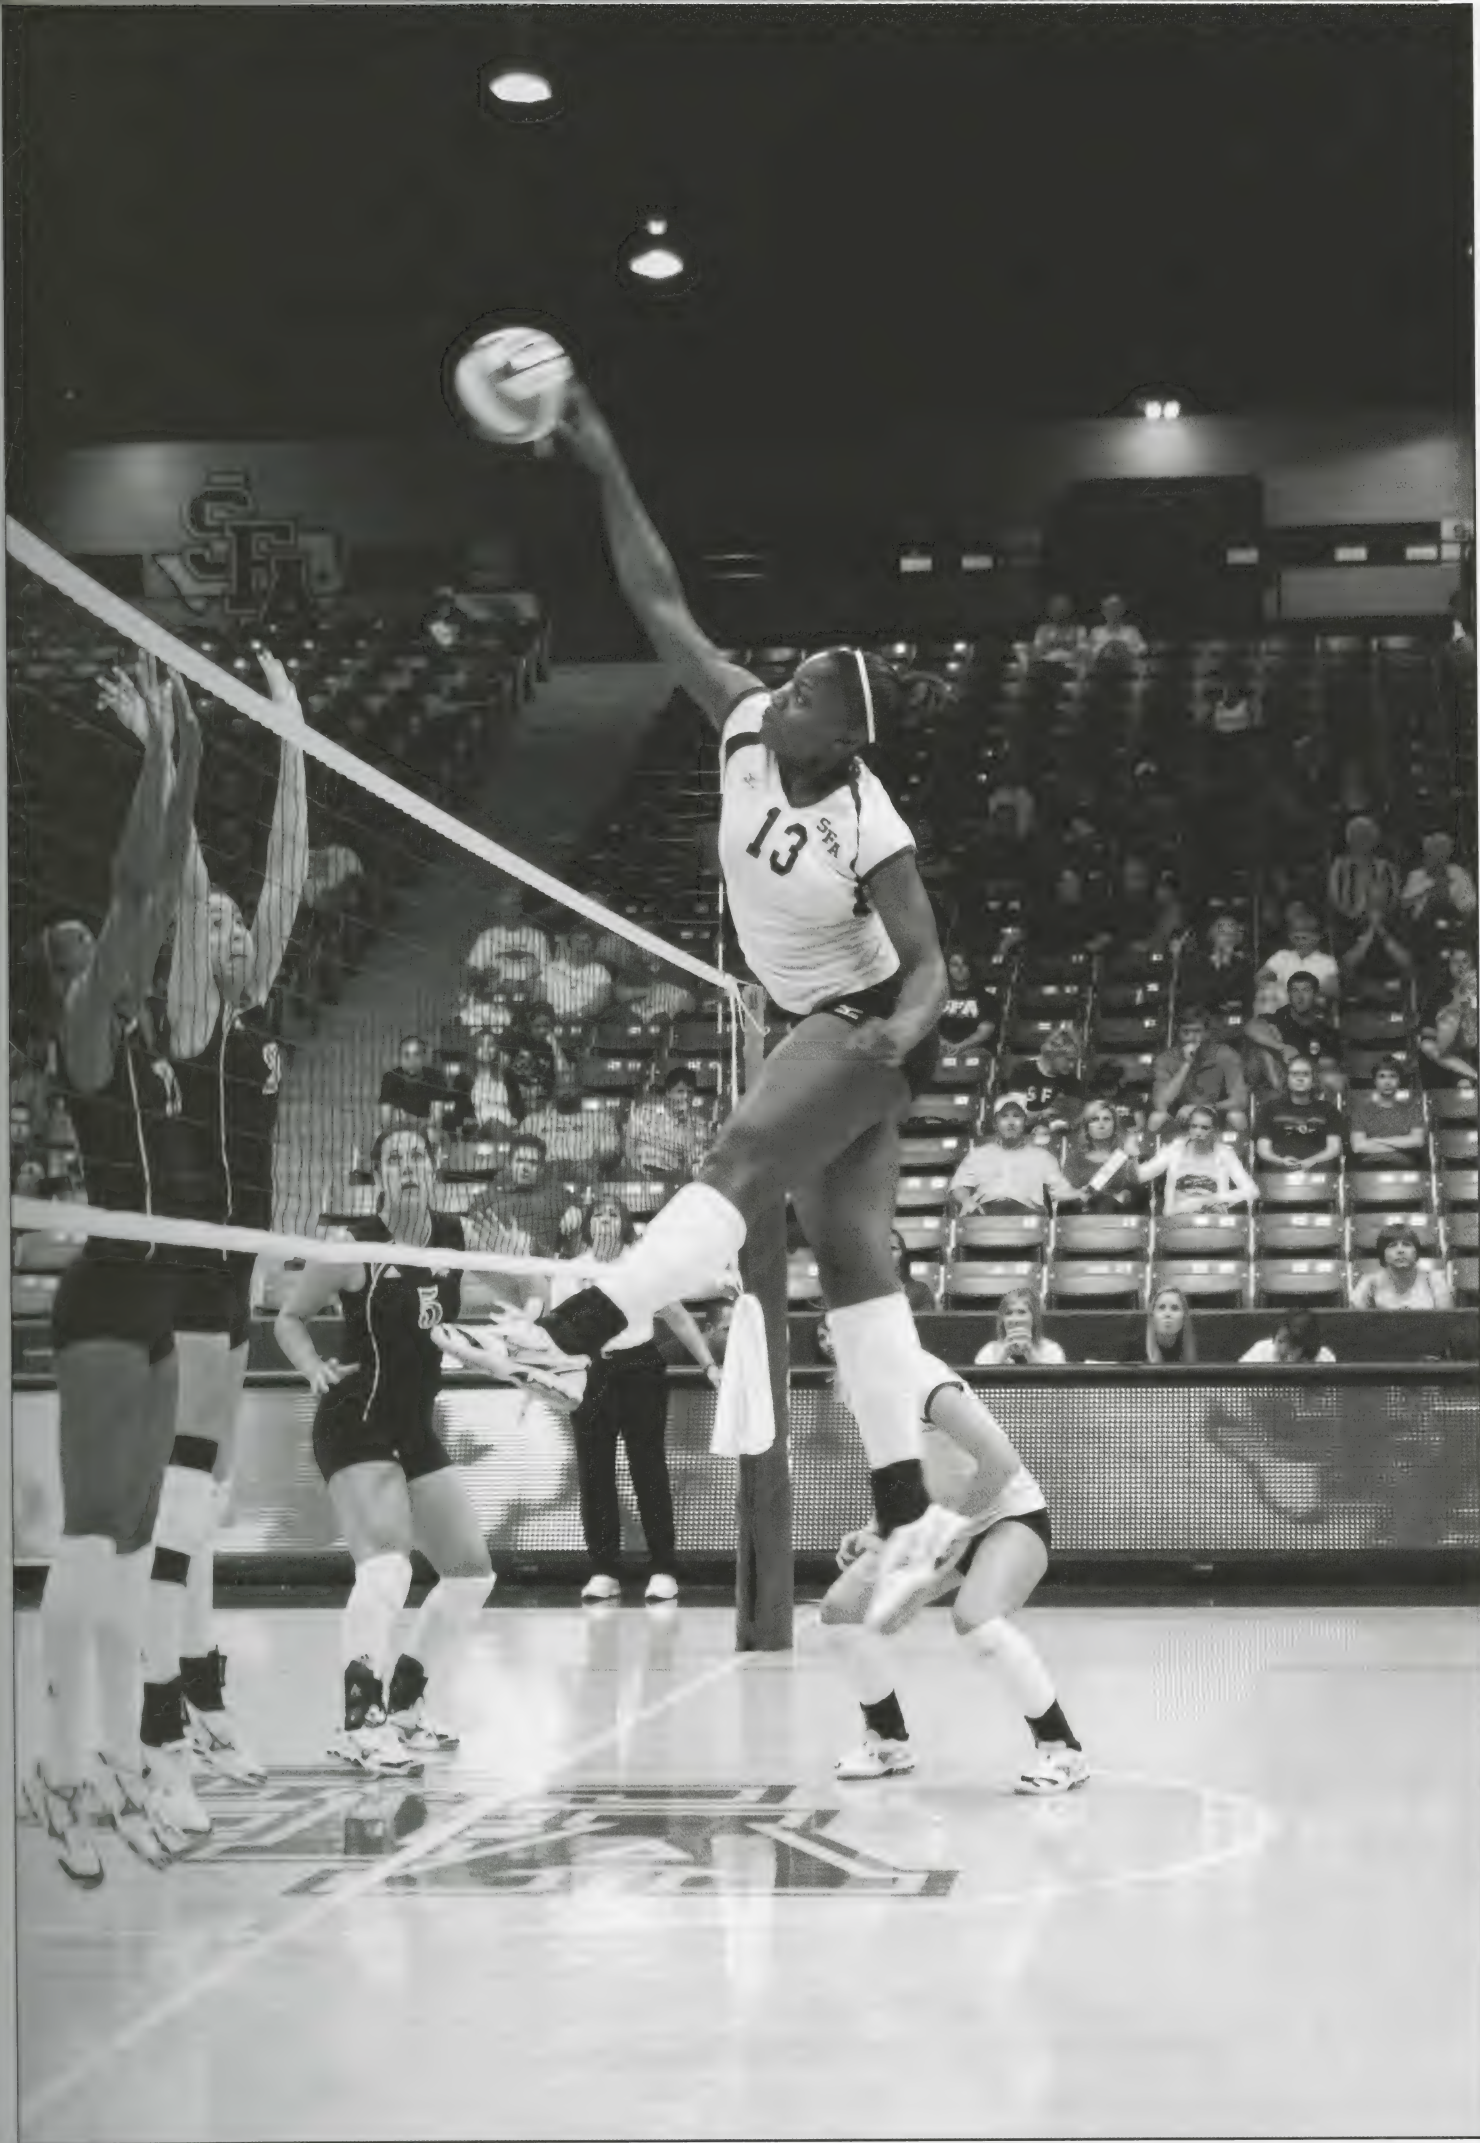

With physical struggles overcome, Ashley looks to lead her team to victory. Through practices and stable goals, the Jacks look to win conference championship number 5.

"I just try to go out everyday and work hard and do my job at my position."

Ladyjacks Softball

The Ladyjack Softball team had a rough start with a record of 0-5, but this past weekend they played in the Baylor Getterman Classic, which set their record for the season 3-7 and 3-2 in the tournament.

The Ladyjacks beat Ole Miss in extra innings 3-2 for the first game of the classic then went on to beat conference opponents Northwestern State 3-2 as well. Ashley Struchtemeyer, Plano sophomore, had an impressive game against Ole Miss, going 3-6 with 3 RBI.

SFA then beat New Mexico 5-4 on Saturday. Kayla Gutowski, Tomball freshman, had a three-run bomb while Briana Bishop, College Station junior, hit the game-winning run late in the game.

"We are excited about playing against a Big 12 team," head coach Gay McNut said.

"The team has found success with hitting on the mound even though this past week the rain dampened their practice, they still feel very confident," McNut said.

Their goal this season is to win conference as well as tournament championships. The Ladyjacks hit the road again to Oklahoma on Wednesday for two games against the Sooners. Next up for them will be opening Southland Conference play with three-game set held at Sam Houston State on Feb. 24 and 25.

Five Stars of 1970

Dreams of NBA become a reality for five SFA Jacks

Story from 1970 Stone Fort yearbook:

The Stephen F. Austin men's basketball program will host a regular-season tournament for the first time in 33 years, when SFA puts on the inaugural Etech Lumberjack Classic in December. The tournament will feature the Lumberjacks and three visiting teams in a set, four-game schedule played over two days.

The tournament is set for Friday, Dec. 4, and Saturday, Dec. 5. SFA has already secured commitments from the Southwestern Athletic Conference's Southern University and Southland Conference foe Central Arkansas. A fourth team will be announced at a later date, at which time the final tournament schedule will be unveiled.

"Scheduling has been very difficult for us lately," SFA head coach Danny Kaspar said. "We were only able to schedule one Division I home game during the non-conference season this year. The Etech Classic will allow us to have a more balanced schedule during non-conference play, and I'm very thankful for that."

SFA's William R. Johnson Coliseum has been host to numerous conference, regional and national post-season tournament games. But next season's Etech Lumberjack Classic will mark the first regular-season event since the 1976-77 Tall Pines Classic. Prior to that, the only regular-season tournament on record at SFA is the Stephen F. Austin Tournament, played in the 1963-64 season. Both tournaments were put together under the

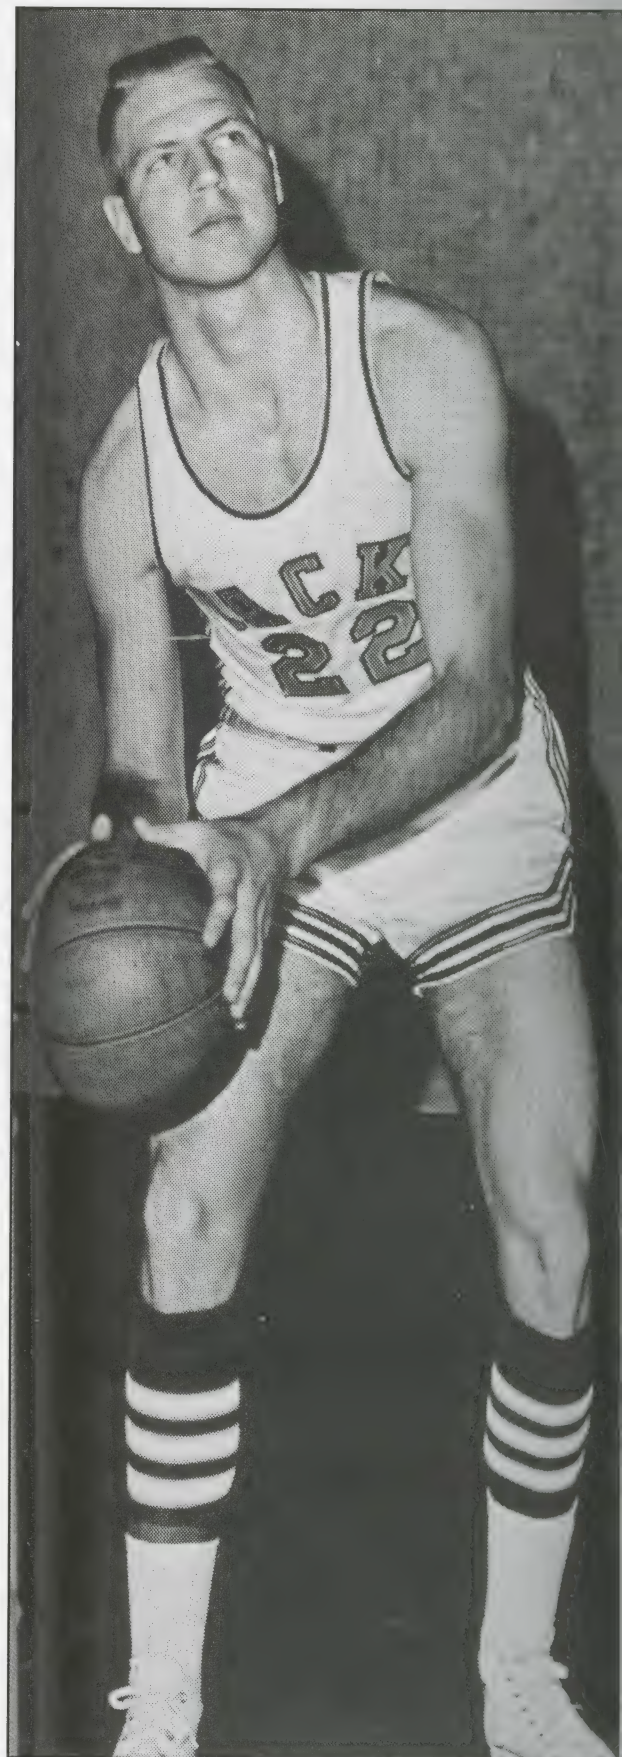

direction of former Lumberjack coach Marshall Brown, the program's winningest head coach.

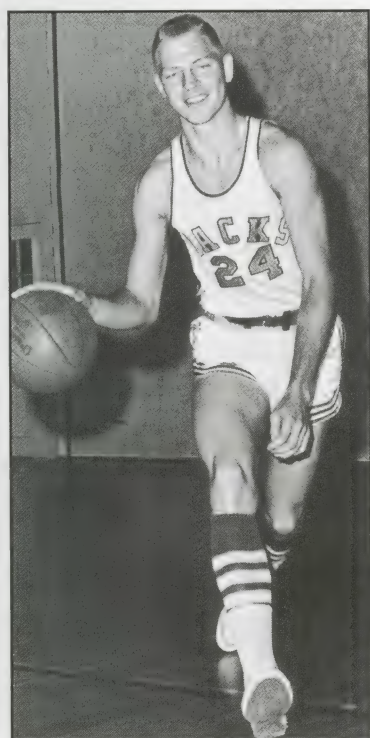

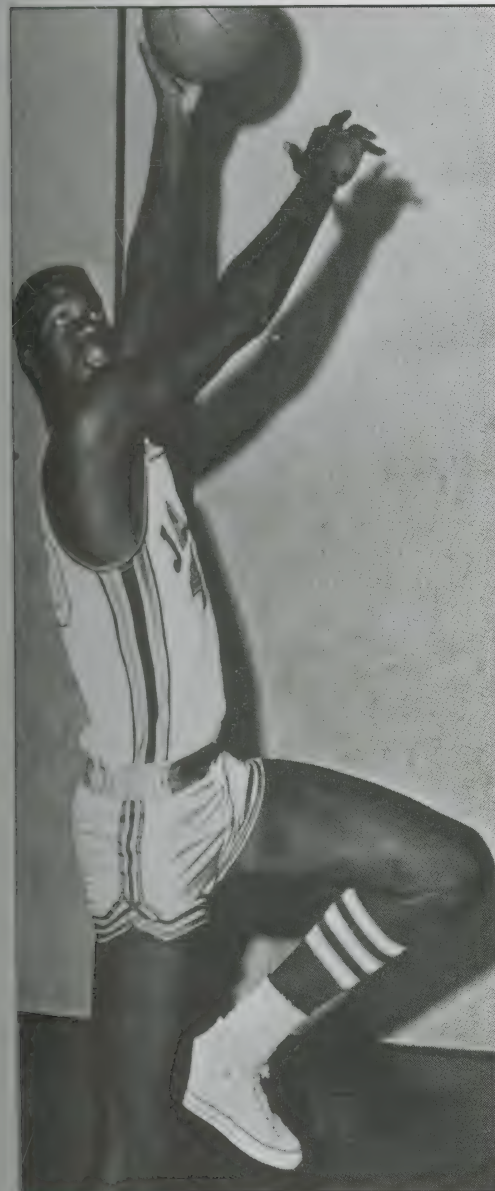

SFA is undefeated in its three previous home, regular-season tournament endeavors. The 'Jacks -- then an NAIA program -- knocked off Louisiana College and McMurry College in the Stephen F. Austin Tournament in 1963. In the inaugural Tall Pines Classic in 1975, SFA defeated Ouachita Baptist and Cameron (Okla.) to take the championship. The following season, SFA defended its title, notching wins over Louisiana College and St. Mary's.

The Lumberjack Classic is possible thanks to a partnership with Etech. Etech specializes in business process solutions. The company has multiple branches in East Texas and India and a client list that includes numerous Fortune 500 customers.

"Because of the financial commitment required, we would not have been able to put this tournament together without Etech's generosity," said SFA director of athletics Robert Hill. "We owe them a debt of gratitude for their support of our program."

Based in Nacogdoches, Etech is the third-largest employer in the region. The Nacogdoches branch alone employs more than 400 East Texans. Nacogdoches resident Matt Rocco has served as Etech's Chief Operating

Football Flashback

Larry Centers- Drafted in 1990

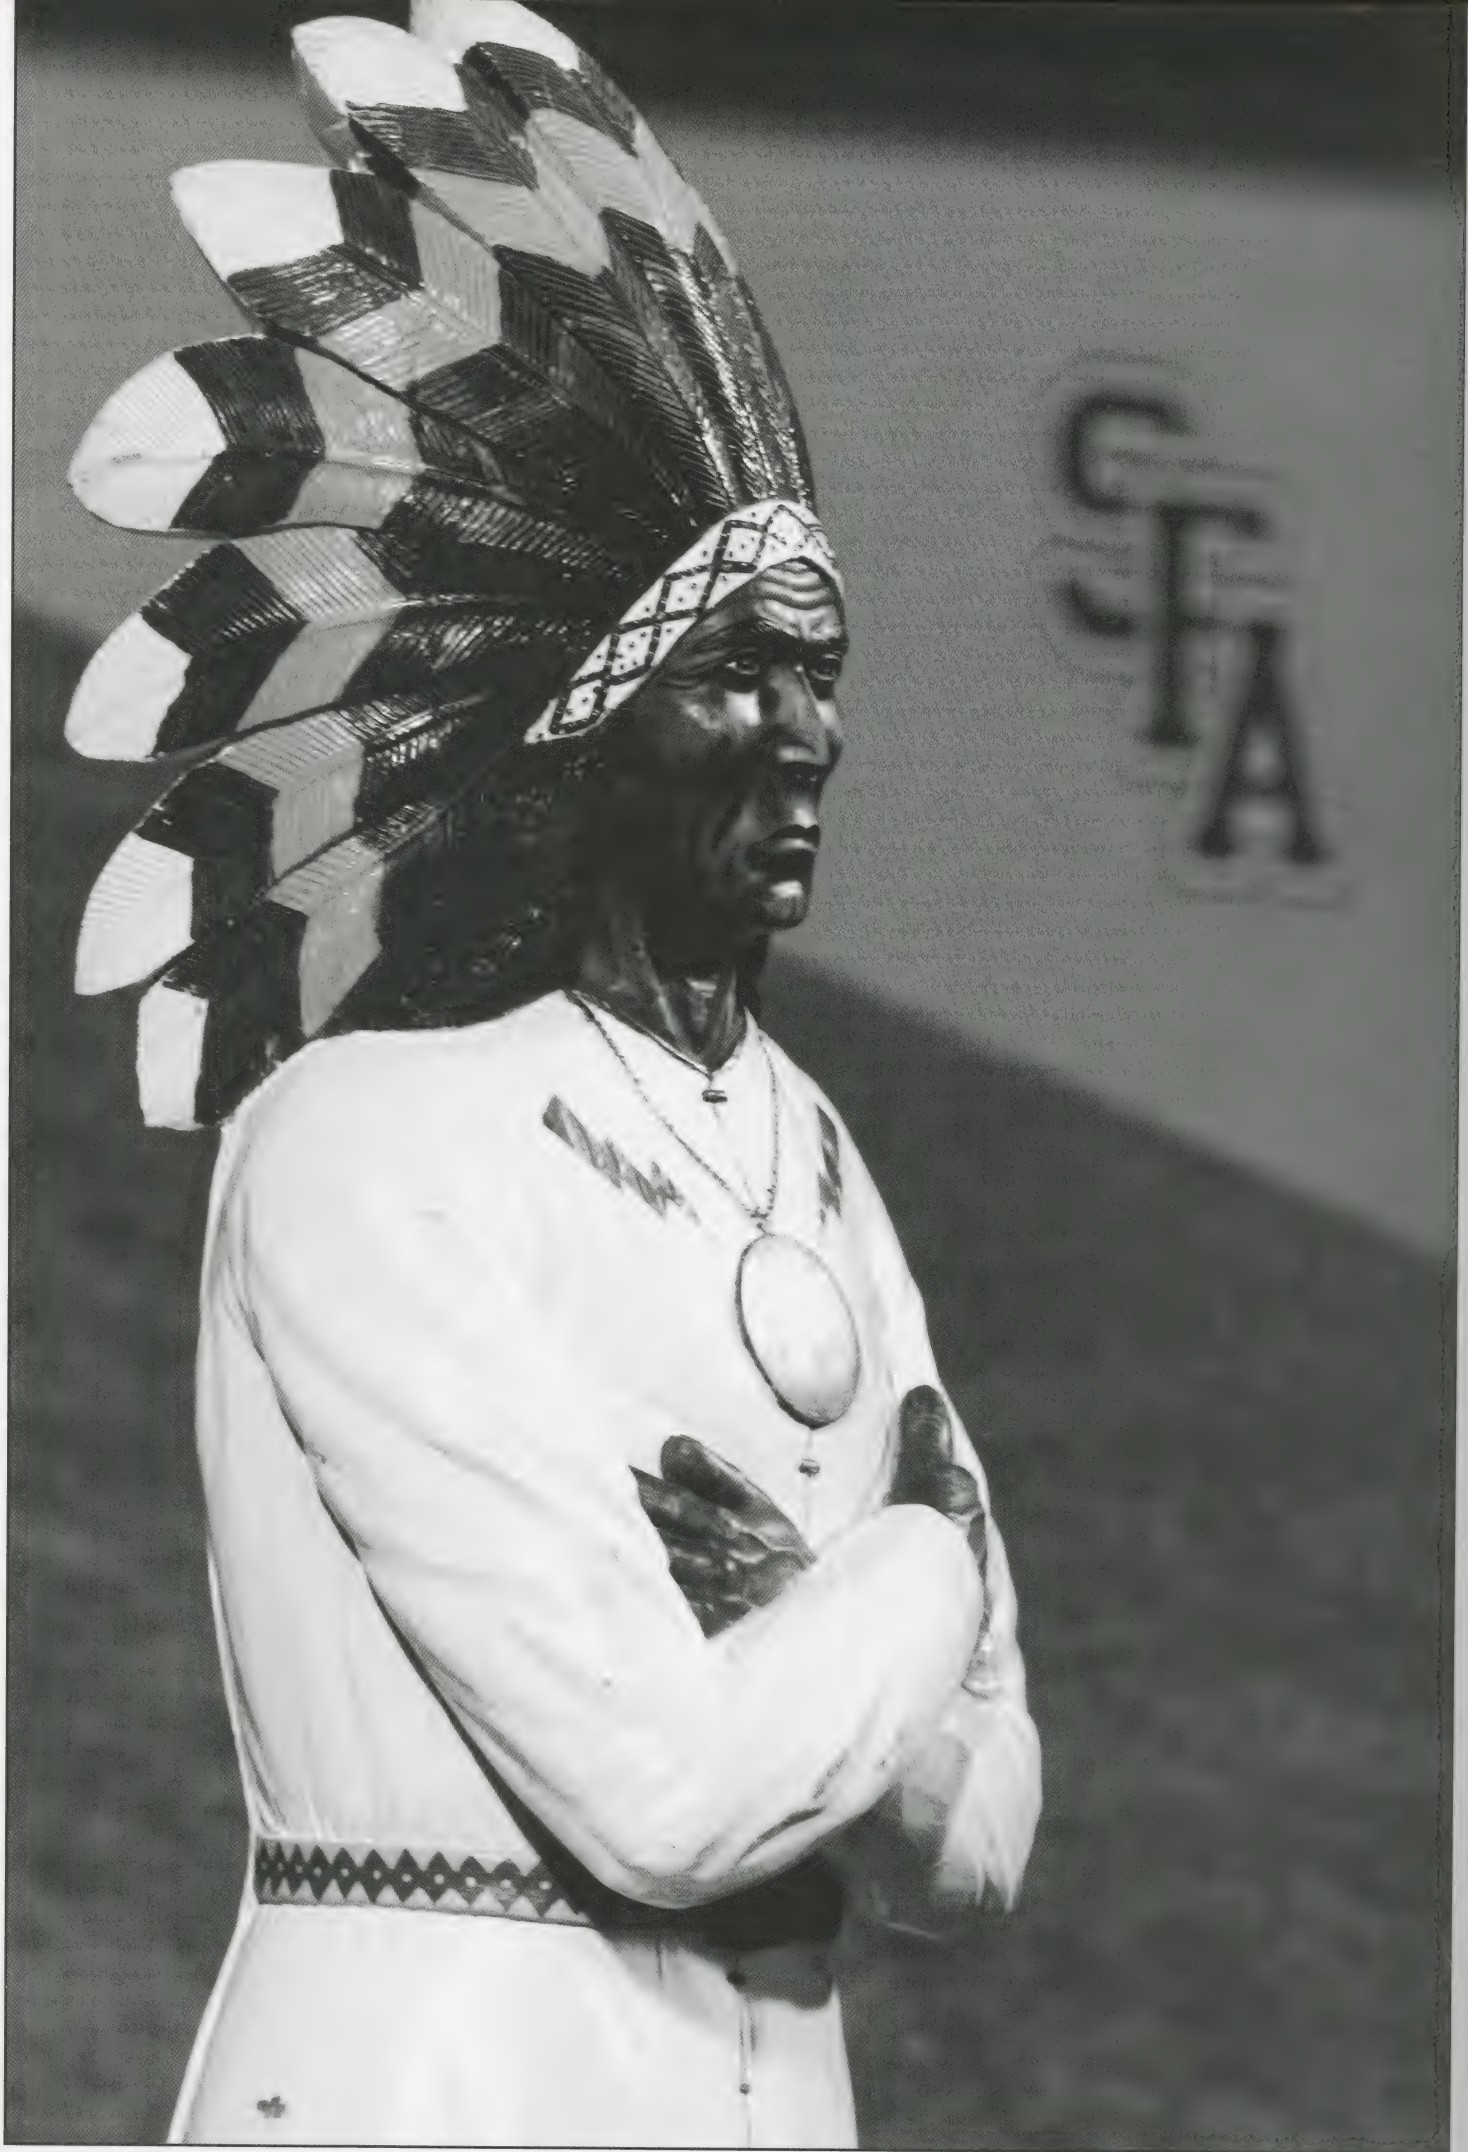

Center's Stage

Larry Centers graduated from SFA in 1990 before getting drafted by the Arizona Cardinals. As a Cardinal, he made two trips to the Pro Bowl before signing with the Washington Redskins in 1999. He spent two years in Washington before signing with the Buffalo Bills in 2001 where he made the Pro Bowl for the third time.

He spent two years with the Bills before going to New England to play for the Patriots where he earned a Super Bowl ring in 2003 after the Patriots defeat the Carolina Panthers. He went on to retire in 2004.

Cross Country

SFA Cross Country, both the Lumberjack and Ladyjacks, scored 2nd in the Southland Conference Championships on Monday at the Piney Woods Country Club.

This is the seventh time in eight years for the men's team to finish in the top two; the women have been in the top three in each of the last seven seasons.

"The meet overall had a lot of positives," head coach Lou Snelling said.

Keith Mahipala, Plano, junior, made 13th place overall with a time of 26:00. Redshirt Mitch Ownbey, Yukon, Okla., freshmen, took eighth and was named the SLC Freshman of the Year.

Stephanie Gunter, McKinney freshman, and Brette Fleming-Wood, Mansfield freshman, made all conference. Gunter also made 3rd overall all conference top 10 and was named SLC Freshmen of the Year.

Amy Shackelford, Port Neches sophomore, finished 12th with a time of 22:48.

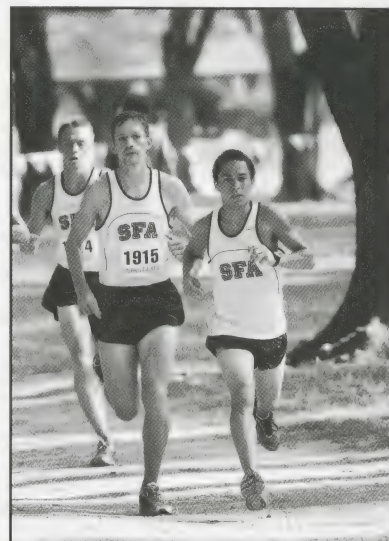

Meredith Blocker, Mineola sophomore, and Megan Jenkins, Houston sophomore, made inside the top 20, finishing at 17th and 20th. Heather Adams, River Oaks junior, took 37th with a time of 24:12 and Marie Flores, Alvin sophomore, at 23:42.

Dennis Yeats, Terrel, sophomore earned All-SLC honors by finishing seventh having a time of 25:31 on a 8,000 meters course.

Both teams are getting ready for NCAA South Central Regional Championships Nov. 15th in Waco.

Ladyjack Track

The Stephen F. Austin Ladyjacks won the 2009 Southland Conference Indoor Track and Field title by outscoring Texas State, 158-113.66, Saturday afternoon in Houston, Texas.

Proving that Friday was no fluke that Ladyjacks came out early and made a statement in the women's shot put. Junior Kaitlyn Andrews recorded her first career individual title by winning the event with her throw of 47-5.25. Andrews bested teammate Frednisha Marshall who finished second overall with her mark of 46-0.50 to record her second all-conference honor of the meet.

Junior Silent-Joye Egboba-Waye added to the Ladyjacks All-SLC list of honors in the women's 60-meter hurdles. Egboba-Waye was the third overall with her time of 8.57. She was one of two Ladyjacks to finish in the top eight, junior Tabitha Riley clocked a time of 8.93 to finish eighth overall.

Similar to McCloud sophomore Arteria Sterns recorded a conference runner-up finish in the women's 60-meter dash. Sterns recorded a time of 7.64, missing the overall title by two one-hundredths of a second. Junior Camelia Sams recorded an All-SLC performance in the triple

jump. She finished second overall with her mark of 39-1.25.

Sophomore Kelia Crawford just missed all-conference honors in the women's 400 meters. She posted a time of 57.29 to finish fourth in the event.

The Ladyjacks place three in the top eight of the 3,000 meters. Freshman Stephanie Ganter was the league's runner-up by clocking a time of 10:16.27 in the event. Sophomore Amy Shackelford was fifth overall (10:19.77), while Brittany Robertson clocked a time of 10:21.94 to finish seventh overall.

Senior Kelsea David was one of three Ladyjacks to score in the women's pole vault she cleared a height of 11-5.75 to finish fifth overall. Freshmen Sarah Sloan and Macy Wade each cleared a height of 10-11.75 to finish tied for sixth. Freshman Danielle Burchette finished sixth in the 800 meters with her time of 2:17.60, while senior Brian Wall posted a time of 1:56.22 to finish seventh in the men's 800 meters. The Ladyjacks placed two athletes in the finals of the women's 200 meters, as Sterns finished sixth (25.33) and Kelia Crawford was eighth overall (25.93).

Lumberjack Track

The Stephen F. Austin Ladyjack track and field team finished with 158 points Saturday to win the 2009 Southland Conference Indoor Track and Field Championships. The team title is the third for the SFA women and the program's fourth overall indoor championship, all coming in the last five years. The Lumberjacks scored 75 points to finish fifth overall.

Junior Chris Moody recorded an individual title for the 'Jacks in the men's 400-meter dash. Moody recorded a time of 48.20 to win the event by 18-hundredths of a second.

Junior Josh Cruse just missed All-SLC honors in the triple jump. He recorded a mark of 49-3.50 to finish fourth overall.

Freshman Nick McCloud just missed an individual title in the men's 60-meter dash. McCloud posted a time of 7.91, missing the individual title by four one-hundredths of a second. McCloud returned to the track to record a time of 22.27 to finish fifth in the men's 200 meters.

Junior Keith Mahipala just missed all-conference with his fourth-place finish in the event (8:31.34). Sophomore Mitch Ownbey was sixth in the event (8:33.37). SFA's 4X400-meter relay teams also posted scoring finishes, as the Ladyjacks recorded all-conference honors in the event with a third-place finish, while the men were fifth. Junior Chris Jones recorded an all-conference honor in the heptathlon, while freshman Andrew Plentl was fifth overall.

Other SFA athletes who recorded strong performance Saturday included freshman Jon Arthur who was fifth in the shot put (54-4.50).

Ladyjack Bowling Coach
Laura Cramer

SFA women's golf, bowling

SFA adds new sports options for women

SFA is adding women's bowling, along with women's golf, to comply with Title IX legislation. The University moved equestrian from a varsity sport to a club sport and needed to add two more women's sports to the program.

Title IX of the Educational Amendments of 1972 to the 1964 Civil Rights Act was instituted to promote gender equality in college sports.

The removal of equestrian was due to expenses, and the sport was not fully taking off, as they believed it would. Robert Hill, SFA athletic director, said, "The program was very expensive, and we could sponsor two sports with the same amount of money. We thought it would be a NCAA sport and that other schools were adding it, but no one did."

Equestrian was an intercollegiate sport not sponsored by the NCAA and had no championship. It is now a club sport where the students pay their own way, but the agriculture department helps with the expense of the horses. There are no scholarships awarded to club sport participants.

SFA chose to add golf because it is already at most schools in the Southland Conference, it is a NCAA sport and there is a championship. Along with getting a schedule ready for next fall, Hill is looking for an assistant coach to help out with both the men and women's team. Former head coach of men's team, Trey Schroeder, is now director of golf and is over both teams.

When talking about finding a coach, Hill said, "I

have done a lot of background work. Nebraska, Vanderbilt and Arkansas State all have successful programs. I talked with those schools about it. We are advertising with the NCAA and bowling associations."

For bowling to be a sport in the Southland Conference, six schools have to have a team. Right now SFA and Sam Houston State University are in the process of adding it while Lamar University, University of Texas at Arlington, University of Texas at San Antonio and Texas State are all considering it.

Hill is optimistic about the success of bowling because 127 high schools in Texas offer bowling as a sport, and he expects to get many recruits from the Dallas and Houston areas.

"I think when we offer scholarships we will have an interest in bowling," Hill said. "If you don't bowl, you don't really think about the sport but those who do take it very seriously."

During Spring 2009, Laura Cramer was hired as the bowling coach. Cramer is not only a former SFA student but also a former athlete. From 2003 to 2006 Cramer was on the SFA Volleyball team. She helped lead the Ladyjacks to three Southland Conference titles in a row and in 2005 was named the Southland Conference Player of the Year.

Cramer is confident about starting the new bowling program at SFA. She believes playing under Debbie Humphreys, SFA head volleyball coach, will help her out a lot and feels being

familiar with SFA will be beneficial as well.

"Coach Humphreys taught me everything," Cramer said. "She is one of the most successful coaches in the Southland Conference, which is a plus."

SFA was actively looking for a bowling coach, and the word spread that Cramer was a bowler.

"Basically one thing led to another," Cramer said. "I started bowling after I played volleyball, and when word got out that I played, it just came together. I think it is a good fit."

Since graduating in 2006, she has been working in Nacogdoches. She was not quite sure what she wanted to do in her future, and then SFA athletics came knocking on her door.

If someone had asked Cramer while she was in college what she'd be doing after graduation, she never would have thought it would be coaching bowling at SFA. She is not disappointed, however. "I am extremely excited about the opportunity," she said.

Cramer plans to recruit players by finding out when club bowling teams are having tournaments around the state. "Texas has a great club bowling system, and I think I'll see some talented athletes," she said.

Story by Ashley Landers

["Texas has a great club bowling system and I think I'll see some talented athletes."]

Rugby Fest

On Saturday, Nov. 15, the SFA Rugby team will host the 21th annual tournament and hopes to draw large crowds and a chance at possibly recruiting future athletes. The events are scheduled to start at 9 a.m. and go through the entire day. The tourney will take place on the intramural fields and will involve schools such as Texas State, Sam Houston and the Nac Nastics.

An excited coach Jimmy Dachelet said "We invite the community to join us in supporting our town, our University, fellow collegiate members and fellow sports athletes in this statewide event. We want to introduce the 2008 team and coaches. We might even recruit a few SFA Rugby players in the process."

Several SFA players will be returning from last year as well as a talented coaching staff who have experience playing and coaching overseas. "SFA is ready to make its mark". Said team captain Blake Horn. "We want the public to be part of it, and we hope the community will join us for a day of high-energy rugby."

Rugby is a sport you don't hear a lot about at SFA, but the players and

coaches are hoping that will soon change. The team has been around since 1974. In 1997, they finished second in the nation, and 10 years later, they're ready to make another run.

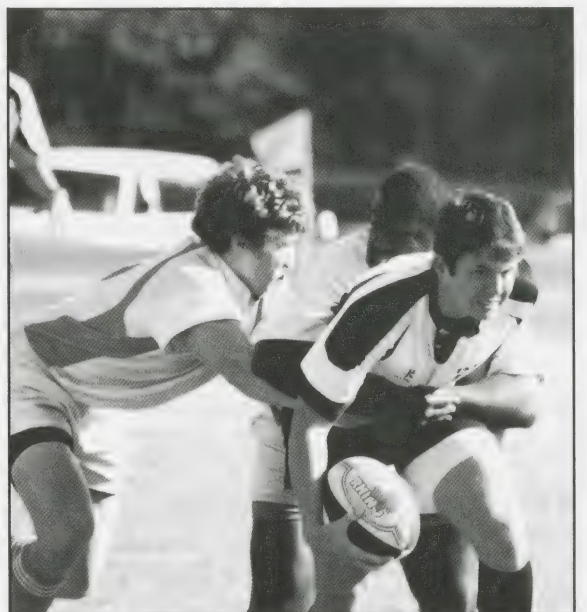

The game is played at a fast pace 80-minute game. Every player must be able to catch, run, pass, kick and tackle. Each member of the team has an equal opportunity to touch the ball. The players have to be quick and ready to go because there are no breaks between plays and you are running the whole time. A member of the SFA Rugby coaching staff, Fred Graham played in Britain and joined SFA this year. Graham said: "In addition to being fit, players must have physical and mental stamina to play rugby."

Team members and coaches want to encourage everyone to become spectators in Saturday's rugby fest. Students can come out and learn about the game and how it's played, and possibly, if they're lucky, eventually become a member of the team.

SFA Olympian

Coach turns in his football to join U.S. Bobsled Team

A former SFA assistant strength and conditioning coach, Jason Halliburton, is one of the newest members of the U.S. Olympic Bobsled Team.

Originally from Riverside, Calif., Halliburton received a football scholarship to West Liberty State College in West Virginia. It was there that he received his bachelor's degree in criminal justice. As a linebacker at West Liberty State, he helped West Liberty capture the 2000 WVIAC Football Championship. But, after fracturing his tibia, he took some time off.

He then moved to Houston where he spent two seasons as linebacker in the Texas Semi-Pro Football League. From there he joined the now defunct NIFL team, Waco Marshals.

"After an uneventful and unsuccessful arena stint, I decided to hang up my cleats and get my teaching credential, so I enrolled at Stephen F. Austin," Halliburton said. While working towards his credential, he obtained a spot in the Lumberjack football program as the video coordinator for the 2004-5 season. After that he took on the position of assistant strength and conditioning coach for SFA's head strength coach Dan Eason. Halliburton was also in charge of implementing strength programs for men's basketball and baseball. By 2006, Halliburton had received his teaching credential in technology applications and physical education.

His bobsledding interests began while watching the 2006 Winter Olympics during a late night at the office at SFA. He went online and researched, realizing that he met the qualifying standards, but he could not fund his trip to Lake Placid to enter. Lake Placid, N.Y. is the official headquarters for the U.S. Bobsled and Skeleton Federation and the International Olympic Committee.

He left SFA in 2006 to return to Riverside, where he spent his time substituting for various schools for a year and a half while also student teaching in technology, Web design, and high school football and track.

Last April he finally made it to his first bobsled try-out in Lake Placid, where he tested well enough to get called back to the second round. During the second round, he tested well enough to make it to the third round—the final round included pushing the bobsled, which can weigh up to 500 pounds. He will be in Lake Placid this season for training. "It's 11 degrees here right now," Halliburton said in November. After training he will have to return home, search for sponsors, then head back out to Lake Placid for more training. He hopes to be on the team for 2010. The 2010 Olympics will be held in Vancouver, Canada.

Bobsledding is a sport of sliding down a winding, ice-covered run on a large metal sled. There are usually two pairs of runners. The sport originated in Switzerland in the 1890s and made its way into the first Olympic Winter Games in 1924.

Unfortunately, the team is self-funded, so he must find sponsors to fund his venture. There are eight men's and five women's U.S. Olympic Bobsled teams. As an athlete of The United States National Team, he is considered an amateur athlete which means there is no salary or hourly wage. Funding comes in a variety of ways from the USOC, USBSF, personal funding, donations and/or endorsements.

Jacks fall short of "gigging" Aggies

Defense told the story in the Jacks' 55-48 loss to the Aggies. SFA kept it close early and even led by as many as 5 in the first half. The second half was different, though, as A&M turned it on defensively, not allowing the Jacks to score inside the paint.

Josh Alexander, Shreveport, La., senior, and Matt Kingsley, Houston senior, led the way for the Jacks as they put up 38 combined points. Alexander had 21, and Kingsley had 17 on the night.

Head coach Danny Kaspar expressed the importance of more team members getting involved and gave a lot of credit to the A&M defense. "Matt did not score a field goal the second half," Kaspar said. "They did a good job of shutting him down, and nobody stepped up but Josh."

"We know we can play defense," Alexander said. "That's been one of our strengths between this year and last year. Even though we had a lot of guys that didn't play well, we were still in the game, and we'll just take that and know the offense is going to be there."

Kaspar was pleased with his defense but said the loss was due to a great defensive game by the Aggies and his team's poor shooting. "I felt like our guys gave great effort; they played great defense," he said. "A&M forced us into some untimely turnovers the second half and we had some bad shots. Give a lot of credit to them and some to our shot selection. We plan on fixing that here in the near future."

The two teams went into the locker rooms at the half tied at 29. The Aggies' largest lead of the night was 8 points late in the second half. The second half wasn't as friendly to SFA, who missed its first three shots and only scored 3 points in the first 7 minutes.

Eddie Williams, Lawton, Okla., sophomore, scored his 3 points on the night in the second half from beyond the arc but was limited beyond that. Following that 3-pointer, the officials blew the whistle on the Aggies, calling a technical foul and sending Kingsley to the line for two free throws. Kingsley sank them both and tied the game at 42.

"When Eddie gets going, the whole team gets going," Alexander said. "It'll be there, it will just take time."

Unfortunately for the Jacks, time was running out, and they got themselves in foul trouble. Nick Shaw, Arlington senior, fouled out with 42 seconds left and sent Nathan Walkup to the line. Walkup sank both his free-throws to take the largest lead of the night, 50-42.

Desperate times called for desperate measures, but it was too little too late for the Jacks by the time Aaron Smith, Kendrick, Idaho, junior, knocked down a 3-pointer to cut the lead to 5 with 31 seconds left.

Because they were in foul trouble, the Aggies were being sent to the line. Alexander would hit his seventh and final 3 on the night to cut the lead to 52-48 with 20 ticks left. Those were the last points the Jacks would score on the night, and the Aggies would sink three more free throws to seal the 55-48 victory.

The Aggies' leading scorers were Bryan Davis and Donald Sloan with 16 apiece. Josh Carter was right behind them with 9.

Lumberjack Baseball

The SFA Baseball team is in the midst of its third season after an 11-year hiatus from the program. The team currently plays at Jaycees Field located on Old Tyler Road in Nacogdoches.

In 2005 the plans to build a new baseball stadium had just been unveiled. Over the past few years, the prospect of having a new baseball stadium has brought up much discussion throughout the Nacogdoches community. However, the SFA Board of Regents decided in their January 2008 meeting to cancel the proposed project due to lack of donations.

By December 2006, SFA had received a \$1 million donation from Bo Pilgrim of Pilgrim's Pride, who earned naming rights to the stadium. In the next 13 months leading up to January 2008, an additional \$2.5 million in private donations was needed to get official approval to start construction on the project.

Donations could have been in the form of naming rights of the batting cages, dugouts or name plaques. The baseball stadium would have had an estimated \$12 million dollar annual impact on the Nacogdoches community.

However, by the January 2008 Board of Regents meeting, the amount of private donations needed to go ahead with the project had not been raised, so the project was cancelled. The Board of Regents is currently looking into a private capital campaign to renovate Jaycees Field.

The Board gave the donors an option of having their money redistributed or using it for the improvements to Jaycees Field.

"Other universities, including Baylor University, have built new stadiums, and they have gone way up in the rankings," head coach Donnie Watson said. Baseball players were recruited in recent years with the hopes of playing in a new stadium. The decision not to build the stadium has weighed heavily on the players, students and athletic faculty. "If you build the facilities, players will come," Watson said. "We're taking hits against other schools."

"I don't care if we have to play in a parking lot full of broken glass, we are still going to train our team to win the Southland Conference," Watson said. "We still want our team to have a positive outlook."

After plans to build the stadium fell through, many students were disappointed with the decision. "If there was a stadium on campus I think more students would be likely to go to the games," said Stevie Schreiber, Frisco freshman and Purple Haze Officer of Traditions Council.

Lumberjack Baseball has had its ups and downs throughout the last three years, but will continue to play at Jaycees Field.

AXΩ Alpha Chi Omega

Alpha Chi Omega was founded in 1885 as a women's fraternity and the Epsilon Eta Chapter was founded at Stephen F. Austin State University in May 1967. Since its inception, Alpha Chi Omega has existed to help members in seeking the heights. As beneficiaries of the heritage and history of Alpha Chi Omega, members strive to be both true and worthy of the legacy of the fraternity.

The Epsilon Eta Chapter has continued to recruit members that meet the five membership standards: Leadership, Financial Responsibility, Academic Interest, Character and Personal Development. Epsilon Eta members have excelled in being involved on the Stephen F. Austin State University campus and the Nacogdoches community.

Greek Life

The term "Greek Life" brings up many images in our minds. In order to get a clearer picture, the Stone Fort interviewed the presidents of each council to see what Greek Life means to them.

Panhellenic Council President Jenny Pollard loves the sisterhood. "Greek life is my foundation. It has helped me find friends that have been there for me through the good and bad times. Also, it has allowed me to become more involved and become a leader on campus. My Greek family here at SFA has allowed me to live up to my potential."

President Brandon Jones-Randle of the National Pan-Hellenic Council had this to say: "Being a part of the Divine Nine is great, because it means being a part of black history.

It's kind of like a job at times, but it's a well rounding experience. It's much more than just gaining friends."

President Johnny Beavers, head of the Multicultural Greek Council adds, "Greek Life... is a world with its own set of guidelines and protocols. How far you go or how far you take it solely depends on the amount of hard work and effort you put into it. Greek life is a fun and fast paced lifestyle that has many fulfilling benefits, and it is also a great way to sharpen your tools for the business world."

Luis Acosta, president of the Interfraternity Council, enjoys seeing Greeks on campus. "Greek life is becoming a bigger and more important part of SFA. You see Greeks all over campus. I feel like we are doing a better

job of helping out the Nacogdoches community, and we are making changes to improve the image and culture of Greeks." Acosta also said, "Everyone involved in Greek Life has benefited from it and will continue to benefit."

Yes, Greek life is a large part of SFA, with many members of the Greek world being involved in other organizations and clubs all over campus. Greek life helps to prepare young adults for their future, a feeling shared by all four of these presidents. President Jenny Pollard sums it up best: "Love SFA? Go Greek!"

Leadership Traditions

Character Friendship

ZTA

Zeta Tau Alpha

Zeta Tau Alpha was founded October 15, 1898, at Longwood University in Farmville, Va. Only 14 to 15 years of age, these young women desired permanence to their friendships and hoped to perpetuate their sisterhood long after college.

The Theta Eta Chapter of Zeta Tau Alpha was established on the campus of Stephen F. Austin State University in March 1977.

Today our chapter has grown from 15 to 105 thanks to Dean Earnestine Henry and nine ambitious women of the original Kappa Epsilon sorority at SFA. ZTA is most famously known on the Stephen F. Austin State University campus for its philanthropy of supporting the fight against women's breast cancer.

The Purpose of ZTA is to intensify friendship, promote happiness among members, to perform such deeds, and to mold such opinions as will conduce to the building up of a purer and nobler womanhood in the world. Our motto is to "Seek the Noblest."

Traditions

Live On

Greek life plays an important part of student life at SFA. Members of fraternities and sororities share eternal bonds throughout college experiences that even lead to lifetime ties.

Greek life at SFA means embarking on lifelong friendships, developing leadership skills and handing out lending hands to those in need. It also represents discovering who you are and your full potential, and most of all... having fun doing it!

During most of SFA's 85 years of existence, Greek Life has made a strong presence in student life organizations.

Delta Sigma Phi, formerly known as the Sawyers, was among SFA's first Greek organizations in the 1920s. But it wasn't until the early 1960s that fraternities began to really spring up around the campus.

Chapters such as Theta Chi, Pi Kappa Alpha, Pi Delta Theta, Sigma Kappa, Delta Zeta, Chi Omega, and the Amity, Pine Burrs and Fidele social club were among those that followed.

Some annual events held by the Greeks were Parent Day, Pledge Day, fund-raisers, and seasonal parties and formals. More specifically, certain Greeks had traditions of their own: Homecoming cannon pull, axe handles at home football games, Fight Club, and "Stepping," just to name a few.

Today, many other traditions continue to stand as new ones are created.

Sorority "Bid Day" is a signature day for Panhellenic sororities. It is the final day in which potential members are given final bids by sorority chapters they could become part of.

"Steps" is the men's fraternal tradition in which

new members proclaim their loyalty to their chapter. New pledges tear off white shirts at the top of the stairs of the Austin Building and then jump into the crowd below.

Each year, members of Alpha Phi Omega build and light a gigantic bonfire during Homecoming. In addition, other colleges' shirts are thrown in the bonfire as trade for free SFA T-shirts.

At SFA, being Greek isn't just about joining the brotherhood or sisterhood. It's about being part of history and its traditions, discovering who you really are, and enjoying and having fun in college.

Sigma Kappa Omega

On Nov. 12, 2001, Kara McIntyre, Katie McCormick and Megan Thomas founded the Alpha chapter of Sigma Kappa Omega (SKO) at Stephen F. Austin State University.

SKO has seen many changes through the years, but continues to strive to uphold the vision of its founders. Since the organization's first recruitment in Spring 2002, Sigma Kappa Omega has continued to welcome new members that have proven sincerity to the sisterhood.

SKO colors are purple and silver, and the organization's motto is "Carpe Diem." Today, the sorority continues to be a small, social sorority filled with love and friendship.

Alpha Phi Omega

Alpha Phi Omega is a national co-ed service fraternity founded in 1925 by Frank Reed Horton at Lafayette College in Easton, Pennsylvania. APO participates in a wide variety of service events on the Stephen F. Austin State University campus and in the Nacogdoches community.

The annual Homecoming Bonfire is a 47-year-old tradition that keeps on burning. Every year the Nu Sigma Chapter of Alpha Phi Omega builds the SFA bonfire. They dedicate countless hours and endure sleepless nights, not only building but also protecting one of SFA's most celebrated traditions.

The fraternity's colors are royal blue and old glory gold. It's motto is, "Be a Leader, Be a Friend, Be of Service." Alpha Phi Omega upholds three cardinal principles: leadership, friendship and service. It is on these three principles that Alpha Phi Omega was based.

Kappa Alpha Order

Kappa Alpha Order was established Dec. 21, 1865, when four men at Washington College in Lexington, Virginia, decided to bind their friendship by a "mutual pledge of faith and loyalty." Their founders sought to create an organization rooted in the highest ideals of the time. Those same traits of honor, chivalry and gentility have remained timeless throughout the ages and are the core of Kappa Alpha. Kappa Alpha's colors are crimson red and old gold.

The Delta Kappa Chapter of Kappa Alpha Order celebrates its 40th Anniversary at Stephen F. Austin State University. It has grown to be the fourth largest fraternity on campus, and its strength lies within our diverse group of guys who come together for one purpose. The gentlemen in our chapter due a lot of activities, and we have everything from a NASCAR driver to a professional wrestler, fire fighters, rugby players and Bull Riders. This year at the Fall 2008 Homecoming parade, KA and ZTA won first place '80s theme parade float.

ΣΝ SIGMA NU

Sigma Nu's past is a proud and colorful one. Founded by three cadets at the Virginia Military Institute during the Reconstruction, Sigma Nu represented a radical departure from the times. The system of physical abuse and hazing of underclassmen at VMI led to James Frank Hopkins, Greenfield Quarles and James McIlvaine Riley to form the "Legion of Honor" which soon became Sigma Nu Fraternity. Amidst a backdrop of turmoil, North America's first "Honor" fraternity was established.

For a century and a quarter Sigma Nu chapters have shaped the man of integrity. Their challenge for the future is to focus efforts and energies anew to the fuller realization of the great mission set by our founders - to build Men of Honor, ethical leaders for society based upon the concept of the Brotherhood of Man under the Fatherhood

of God. Indeed, Sigma Nu may be on the threshold of the era of its greatest achievement as it enters the 21st Century.

Sigma Nu's colors are gold, white, black. The fraternity's flowers is the white rose (the classic five-petaled, wild, white English florabunda). Its vision and motto is "Excelling with Honor." Its mission is to develop ethical leaders inspired by the principles of love, honor and truth. To foster the personal growth of each man's mind, heart and character. To perpetuate lifelong friendships and commitment to the Fraternity.

ZTA Hosts Pink Out!

Breast Cancer Awareness

During October, home to Breast Cancer Awareness Month, Zeta Tau Alpha Sorority encouraged the SFA campus to Go Pink. It was ZTA's first annual "Pink Out" week.

"We wanted a big event to get everyone at SFA and in the local area aware of Breast Cancer Awareness Month," said senior Jessi Stone, ZTA president.

They sold pink shirts for donations, gave out "Think Pink" ribbons and self-check shower cards and offered memorial ribbons to be posted on the fence at the upcoming Friday game. They also created a contest between SFA's organizations and residence halls to maximize Yoplait yogurt lid collections.

To further "Pink Out" week, ZTA had a "Pink Out" your office competition

for all campus offices. They also passed out pink cotton candy. The ZTA Pink Out! Week and Pink Out! football game raised awareness all over campus and the community.

"This event is much more than Zeta Tau Alpha," senior member Sarah Spencer stated. "It means a great deal to me to give a voice to all those people who have been affected by this disease. It shows that SFA students and faculty are so supportive of this issue."

Junior Jennifer Burgess, ZTA historian, said, "This event makes me proud to be a ZTA member because I know we are helping women and families that are suffering from breast cancer."

"We are helping to support families involved with breast cancer. It makes me

realize how much I love Zeta Tau Alpha and our philanthropy," stated junior member, Sarah Giles.

Junior member Carly Lewis said, "We are at the beginning of a tradition we hope to continue annually and maybe even spread the event to other schools."

"Our event allowed everyone to participate and become more aware and educated on the cause. People were excited that we were doing this strictly for awareness and not for the money. Not many organizations do that. I feel many people were touched by our efforts to raise the awareness and education of our philanthropy," concluded junior member Jacqueline Green.

EZ

EPSILON ZETA

Epsilon Zeta is one of the newest members to the Greek family at Stephen F. Austin State University. It is a small, local fraternity that popped unto campus just a few years ago. In October 2007, Cole Tomberlain, Joshua Hall, Jordan Knight, and Charles Knox founded EZ. These founders wanted to create a fraternity where men from different backgrounds who shared common interests could meet, relax, and enjoy their college experiences.

Epsilon Zeta's motto is "With a valiant heart, nothing is impossible." Their official colors are Royal Blue and Gold.

A T O ALPHA TAU OMEGA

The Alpha Tau Omega fraternity is one of the largest social fraternities in the United States with nearly 250 chapters and over 200,000 proud members (alumni included) throughout the nation. The main purpose of ATO is to bind men together in a brotherhood based upon eternal and immutable principles, with a bond as strong as right itself and as lasting as humanity. Alpha Tau Omega is also the very first fraternity founded after the American Civil War in a successful endeavor to heal the wounds created by the devastating conflict and to help reunite the North and the South.

At Stephen F. Austin State University, ATO was the first fraternity to win both the University Intramural Championship

and the annual Greek Week competition in the same semester. Also, ATO consistently ranks within the top five fraternities in academic performance year after year. In the spring of 2007, the Texas Eta Iota Chapter of the Alpha Tau Omega fraternity officially declared the Nacogdoches Boys and Girls Club as the principal recipient of our chapter's philanthropic and volunteer efforts. Further, ATO was the first IFC fraternity at Stephen F. Austin State University to be recognized as a "Top 50" organization by the Student Government Association in 2008.

Chi Omega

Chi Omega was founded on April 5, 1895, at the University of Arkansas when four young women established the secrets and symbolism that today bind over 260,000 women. This small band of women founded Chi Omega after realizing a need for an organization that would foster both friendship and respect for the potential and inherent value of women. The Epsilon Zeta Chapter of Chi Omega has had a home at SFA since the mid 1960s.

Over the years, Chi Omega has provided its members with unique opportunities in leadership, scholarship, and lifelong friendship—striving to provide each Sister with a commitment to personal integrity, excellence in academic

and intellectual pursuits, intergenerational participation, community service, leadership opportunities and social enrichment.

Chi Omega's colors are cardinal red and straw yellow. Its vision is to be the premier national women's organization in the 21st century, to establish renewed value and respect for all women by promoting high moral standards and ethics, personal growth and professional development, and a network of friendship and support for life.

Bid Day & Steps

Fall 2008

Traditions are important to SFA and important to the Greek system. Two traditions that have taken places for years are Bid Day and Steps. These events are important to Greek Life, and the sororities and fraternities look forward to them each semester.

Bid Day is a fall sorority event for SFA Panhellenic Association. This day is for the fall new members to officially become a part of a house: Alpha Chi Omega, Chi Omega, Delta Delta Delta, Delta Zeta or Zeta Tau Alpha. Approximately 150 girls participate in formal recruitment each fall. They have three days to

visit the houses and make a decision. Bid Day then finalizes the women's decision by having them run into the arms of their new sisters. After the Bid Day ceremony on campus, each house invites the new sisters back to the house for a welcoming ceremony and celebration. Each spring the sororities have an informal rush and Bid Day.

The Interfraternity Council has a tradition of its own called Steps. This event takes place after recruitment in the fall and spring. Steps is the final day when the new members find out their fraternity and run down the steps of the

Austin Building to their brothers. Each fraternity groups together at the bottom of the steps as each new member name is called out. This again is the last day of fraternity recruitment. IFC fraternities include: Alpha Gamma Rho, Alpha Tau Omega, Delta Chi, Delta Tau Delta, Kappa Alpha Order, Kappa Sigma, Phi Delta Theta, Phi Kappa Psi, Pi Kappa Alpha, Sigma Alpha Mu, Sigma Chi, Sigma Nu, Sigma Tau Gamma and Tau Kappa Epsilon.

ΩΔΦ

OMEGA DELTA PHI

Fraternity, Inc.

On Nov. 25, 1987, seven distinct men of vision came together at Texas Tech University to form a brotherhood. The purpose of this brotherhood, a service/social fraternity dedicated to the needs and concerns of the community, is and shall be to promote and maintain the traditional values of unity, honesty, integrity and leadership. The brotherhood was founded in order to provide, to ANY man, a diverse fraternal experience which coincides with a higher education.

In the Fall of 2000, seven men began their dream of becoming a part of the Brotherhood of Omega Delta Phi. After proving their abilities and value, the seven Founding Fathers of Omega Delta Phi at SFA were knighted by their pledge educator, Mr. Javier Gonzales, and became honorable Knights and Brothers of Omega Delta Phi on April 28, 2001, at the Eta Chapter Spring Banquet. The

Alpha Lambda Chapter at Stephen F. Austin State University was officially formed on July 16, 2005.

O D Phi's colors are scarlet and silver. Their motto is "Cresit Eundo - It grows as it goes," and its ideal is "One Culture, Any Race." The fraternity's goals are to graduate our brothers, serve the community and promote higher education, and to excel academically, athletically and socially. Their main national philanthropy is Young Knights (National Social Action/High-school Outreach Program). O D Phi has received the National Service Project of the Year Award for B.A.D.D.—Brothers Against Drunk Driving.

Delta Sigma Phi Sawyers

The Sawyers have been apart of Stephen F. Austin State University since 1927. The Sawyers were the first male organization at SFA and were founded as a means to support all SFA sports. In 1960, the Sawyers adopted Delta Sigma Phi and in that year established the Delta Pi chapter of Delta Sigma Phi. Although the Sawyers from then on were officially Greek, they still use the name Sawyers to set ourselves apart from other men at SFA. Today, we of Delta Sigma Phi Sawyers continue our support of SFA sports and still maintain the ideals of Delta Sigma Phi, that the belief in God is essential to all mankind.

Multicultural Center & KΑΨ Present

Greek Fest

Step Show

For the first time, the SFA Multicultural Center and Kappa Alpha Psi Fraternity hosted a Greek step show. The event took place during the evening of Friday, Oct. 24, 2008. There were sororities and fraternities stepping from many different colleges and universities across Texas and Louisiana. The roster included those of Grambling State University, Sam Houston State University, University of Houston and Prairie View A&M University.

The Multicultural Center decided to put together the Greek step show in order to have more events during Homecoming. They plan on making it a homecoming tradition. The Multicultural Center invited Greeks from other schools because they wanted SFA students to experience Greek life outside of what they strictly see at SFA.

"We wanted to create more options during Homecoming," Laterrious Starks, Rowlett junior and student coordinator for Multicultural Center, said. "We wanted to make a way for everybody to have something to do during Homecoming."

Omega Delta Phi was the only Greek fraternity to represent Stephen F. Austin State University at the step show. Omega Delta Phi participated

in the step show but was not a part of the competition. Next year Greeks will be allowed to perform and compete in the step show but they will have to audition.

"Stepping is our passion. We are not collegiate athletes or anything, but we treat stepping as if it were a sport," said Grovey Latimer, Austin junior and vice president of Omega Delta Phi. "We all just love being on the stage and under the lights."

This year the overall winner of the step show was Delta Sigma Theta from University of Houston. The runner up for sororities was Zeta Phi Beta from Grambling State University and for fraternities was Omega Psi Phi from Prairie View A&M University.

All of the money earned from the step show will be contributed to help the Multicultural Center give scholarships and send students on educational trips. The Multicultural Center plans on sending students to the presidential inauguration this year.

Story by Tonishia Hagans

Right Zeta Phi Beta sisters perform a step routine in jumpsuits.

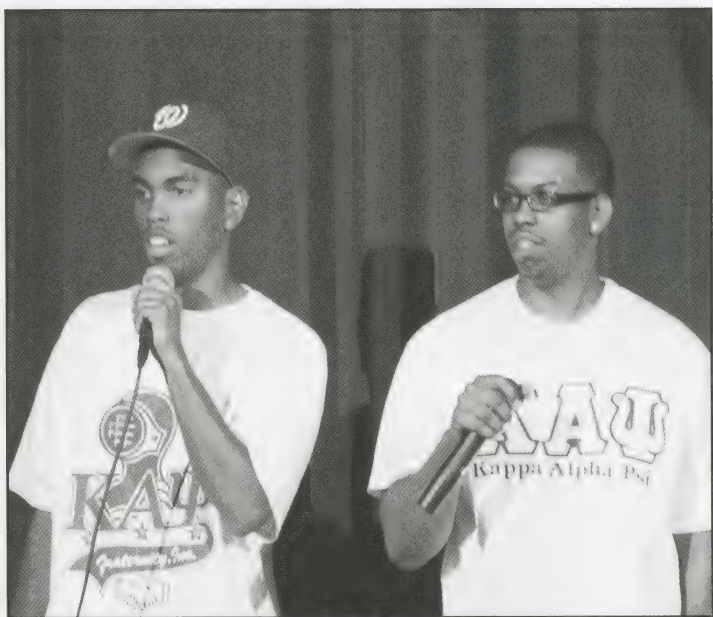

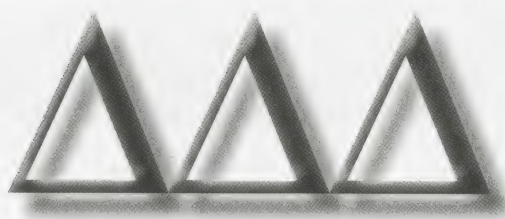

Above Omega Psi Phi brothers step in jail bird attire and golden stomping boots.

Above Omega Delta Phi Fraternity steps on stage at the step show.

Above Two Kappa Alpha Psi members host the Creek Fest Step Show.

DELTA DELTA DELTA

Delta Delta Delta Fraternity, a.k.a Tri Delta, was founded in 1888 at Boston University. Tri Delta gives young women the opportunity to share friendship and support throughout their collegiate experience. The Beta Xi Chapter of Tri Delta resides at Stephen F. Austin State University.

ship among its members, to develop a stronger and more womanly character, to broaden the moral and intellectual life, and to assist its members in every possible way. Tri Delta's motto is "Let us steadfastly love one another." Their colors are silver, gold, cerulean blue and green.

The purpose of Delta Delta Delta is to establish a perpetual bond of friend-

ΩKA

OMEGA KAPPA ALPHA

MULTICULTURAL SORORITY

Omega Kappa Alpha is not only known on the Stephen F. Austin State University campus, but also in the Nacogdoches community. In community service, OKA helps with the Head Start Program, Animal Shelter, Nacogdoches Public Library and Nacogdoches hospitals. As the Omega Kappa Alpha Multicultural Sorority, they strive for a strong bond of sisterhood. Their motto is "Uniting Cultures through Sisterhood."

The Nacogdoches County Fair is one of the main events in Nacogdoches during the fall. Students and locals from the Nacogdoches area attend to enjoy fun rides and good food.

Photo by Cody Derouen

Members of ROTC raise the United States flag in the morning. One person hangs the flag while the other holds it so it is not to touch the ground.

Photo by Cody Derouen

At graduation, students receive symbolic diploma covers and are mailed actual diplomas soon after.

Photo by Cody Derouen

SFA students display their school spirit by raising their "axes" during the traditional Homecoming bonfire.

Photos by Allie Brille

The Purple Haze section is filled with students that support the SFA football team. Most SFA students support the football team by wearing purple or painting themselves purple.

During homecoming, the Alumni Association presents the Duck Dash. Scholarship recipients raise money for the Alumni Association by selling ducks.

Photo by Cody Derouen

The Axe Handle is traditional symbol of the SFA Lumberjacks. Students use axes as props in the Purple Haze section of the stadium during football games.

Photo by Cody Derouen

SFA enrollment increased by 383 students between Fall 2007 and Fall 2008, marking the largest increase in fall enrollment since 1983. In addition, the number of new students attending SFA for the first time increased by 312, or 8.3 percent.

Stone Fort

Stephen F. Austin State University

Colophon

The 84th edition of the Stone Fort was the creation of an all-student staff at Stephen F. Austin State University. The book was printed by Herff Jones, Chicago, Illinois. The sales representative was Ben Carter, and the account executive was Lesli Hawkes. Approximately 2,750 copies were printed. The price of the book was \$52, which included mailing to the students' home address.

Copy and Design

All copy was written by Stone Fort and The Pine Log staff members. The opening, end sheets, division pages, closing and scholars sections were designed by Judith Barroeta. All other pages were designed by their respective editors.

Photography

Stone Fort and The Pine Log photographers took all photos unless otherwise noted. Photos were taken with Nikon D80s, Nikon D2Xs and various Cannon cameras. Photo credits accompany all photos in the book. Auxiliary Services provided all 11,000-plus student ID photos for the Scholars section.

Typography

Baskerville Regular 10-point was used for all body copy. Antique Olive Light 8-point was used for all captions. Americana Regular 40-point was used for all headline fonts. Helvetica Neue 28-point was used for all subheads.

Printing

All pages were printed on 100# dull enamel paper. Signatures 1 through 3, 4, 5, 8, 9, 11, 12, and 22 were printed using four-color processing on selected flats, which alternated the color spreads with the black and white spreads. All other pages were printed using only black-ink processing.

Cover

The 2008 Stone Fort cover was designed by Judith Barroeta. The front cover photo depicts an SFA football fan and SFA traditions. The photo was taken by Cody Derouen. The cover was printed in red-ink with a UV lamination technique. The font used for the cover was Americana.

Production, Contact and Copy

The 2009 Stone Fort was produced on Apple iMac computers using Adobe InDesign CS3, Adobe Photoshop CS3 and Microsoft Word. The Stone Fort has been the official yearbook of Stephen F. Austin State University for 84 years. Editorial content does not reflect the views of the University.
